HOUSING ACT ADOPTED IN THE SENATE

WASHINGTON (AP) — By unanimous consent, the Senate today cut 100 million dollars from its 565-million-dollar bill for federal airport aid. It also reduced the program from five to four years. The action was a gesture along the path of what Democratic Leader Lyndon B. Johnson of Texas called trying to meet President Eisenhower half way on differences in spending proposals.

By JOE HALL — The Senate today takes up an airport grant bill far exceeding President Eisenhower's request after passing a \$2,675,000 omnibus housing measure containing a billion dollars more than he asked. Senators stayed late Thursday night to put through the big housing measure, first major piece of legislation they have handled this session. It goes to the House, which is not expected to act before the week of Feb. 15.

The passage vote was 60-28, slightly more than the two-thirds margin which would be needed to override a veto.

Democrats trimmed the housing bill somewhat on the floor in an effort to minimize its impact on the fiscal 1960 budget and thus avert a veto by President Eisenhower.

The airport aid bill calls for 565 million dollars in federal grants compared with Eisenhower's request for 200 million. However, for (Turn to Page Sixteen)

Trio of Plane Crashes Results In Three Deaths

By THE ASSOCIATED PRESS

Three Air Force planes crashed Thursday, killing at least five men. A futile air-and-sea search of the Atlantic continued for an Air Force weather plane.

The accidents brought the total of air fatalities for the week to a minimum of 37. Thirteen persons are missing, 12 of them aboard the weather plane. Worst of the crashes was that of an American Airlines plane which plunged into the East River at New York Tuesday night, killing 65.

Three civilians testing an Air Force Flying Boxcar crashed and caught fire at the edge of San Francisco Bay. The plane was on a test flight. Killed were M. L. Vinson, 46; the pilot; C. W. Clamplitt, 49; and Russell Hansen, 44.

A twin-jet F89 fighter crashed on a high ridge 25 miles south-west of Great Falls, Mont., killing one of its two crewmen. The other man is missing. Names were withheld.

The jet was on a routine training flight from Malstrom Air Force Base at Great Falls. A B-25 approaching the Little Rock Ark. Air Force Base suddenly fell, killing one of the five men aboard. He was Sgt. E. C. Wilson, 31, of Newark, Ark. The other four had only minor injuries.

Bitter Cold Wave Reported Moving in From Midwest

By The Associated Press — A new cold wave, just as bitter and unwelcome as the old one last weekend, stung the Midwest today. Frigid air blanketed most of the country's midsection.

It was 30 degrees below zero in northern Minnesota, and it was near zero as far south as northern Arkansas. Snow added to the wintry chill from northern Arkansas and southern Missouri into Tennessee and southern Kentucky. It was freezing in northern sections of the Gulf states.

Most of the Eastern and Southern sections were out of the cold air pocket. But the icy air appeared headed through the Ohio Valley and in-

Tax-on-Tax of Personal Incomes Being Considered

HARRISBURG (AP)—Sen. Charles R. Weiner, Democratic floor leader pointed today to a tax-on-tax of individual incomes as a possible source of state revenue if constitutional questions could be resolved.

The idea of a state levy on the amount of federal income taxes paid by individuals has been considered at several sessions of the Legislature in its search for revenue sources.

But such legislation never reached a vote because of the fear it would be ruled out by the courts because of the uniformity clause in the state constitution which requires all subjects to be taxed at a uniform rate.

Those holding a tax-on-tax would be unconstitutional point to sections of the federal income tax authorizing exemptions and various rates. They contend that while the state rate for a tax on the amount of federal income taxes paid would be uniform, the base for the levy would be on a graduated basis, now prohibited by the state constitution. Alexandria Board Plea Turned Down in Court

ALEXANDRIA, Va. (AP)—U.S. Dist. Judge Albert V. Bryan today turned down a plea by the Alexandria School Board for a delay in admitting nine Negroes to three public schools next Tuesday. The judge said, at the end of legal arguments, that he saw no reason to alter his order for admission of the Negroes Tuesday.

The board pleaded for a delay to give it a chance to carry an appeal to higher courts. After Judge Bryan's ruling today, board lawyers said they did not know yet when asked whether they will seek a delay from Chief Judge, Simon E. Sobeloff of the U.S. 4th Circuit Court of Appeals.

Four Tots Die in Fire

AUSTELL, Ga. (AP)—Four Negro children, aged 1 to 4, perished in a fire that raced through their two-room frame house near here Thursday night. Police identified them as Loretta Ellison, 1; Gary Gene, 2; William Henry Jr., 3; and Sara Ann, 4; children of Mr. and Mrs. William Henry Ellison. The parents were visiting neighbors when the fire broke out.

CAPITAL IS STIRRED BY RECORDING

By ERNEST B. VACCARO — WASHINGTON (AP)—The gruff terrifying words: "The target is burning. I will finish him off, boys," echoed on Capitol Hill today with shocked demands for stepped-up defense programs.

The words, the State Department says, were those of Soviet jet pilots shooting down an unarmed U.S. transport plane.

At least 6, possibly 17, American airmen died in the fiery crash Sept. 2 of the unarmed C130 transport, near the border between Turkey and Soviet Armenia. The plane admittedly had wandered across the border and over Soviet territory, but the State Department expressed a suspicion the crew may have been misled by Soviet radio signals.

State Department officials Thursday disclosed they have a graphic recording of harsh, barking voices they said were those of Soviet pilots sending the plane into its death plunge. An English translation was made public.

The department said the recording was absolutely authentic but would not say where it came from. The recording appeared to have caught Soviet First Dep. Premier Anastas I. Mikoyan in an uncomfortable spot. He brushed off several inquiries about the plane on his recent visit here and treated it as a routine crash.

The Russians turned over the bodies of six crewmen a short time after the crash but have consistently denied any knowledge of the 11 other airmen aboard the plane.

Kidnaper Caught Following Bullet-Scattered Chase

FAIRFIELD, Calif. (AP)—Officers captured a gunman-kidnaper today after a 120 m.p.h. bullet-scattered chase.

The identified man as Charles D. McArthur, 40, of Dixon. He was seized 5 1/2 hours after the wife of a wealthy Dixon chicken rancher was kidnapped and a \$100,000 ransom demanded.

He was caught on the outskirts of nearby Vacaville at 5:31 a.m. in the auto of rancher John Dawson after firing a shotgun charge and blowing out the windshield of a pursuing sheriff's car.

Dawson's wife, Hilda Faye, 65, was rushed to a Vacaville hospital. Dixon, Vacaville and Fairfield are all between San Francisco and Sacramento.

Dawson reported to Sheriff Thomas E. Joyce, shortly after midnight that the man was waiting when he and his wife arrived at their home a mile east of Dixon at 11:45 p.m.

The intruder was armed with a sawed-off shotgun and wore a silk stocking mask and gloves. Dawson said the man took Mrs. Dawson outside and then returned to say: "I want \$100,000—I'll be contacting you in a day or two."

Erie General Electric Will Vote on Contract

ERIE, Pa. (AP)—Some 1,250 employees of General Telephone Co. will vote over the weekend on a tentative contract agreement negotiated by the firm and the International Brotherhood of Electrical Workers. Terms of the agreement reached in Philadelphia were not disclosed.

Employees of the firm in Johnstown, Sayre, Oil City, Erie and Vandergrift have been working without a contract since Jan. 28. An IBEW spokesman said the union will recommend that its members accept the offer.

Admiral Dennison Assigned For Important New Duties

Vice Admiral Robert Lee Dennison, well-known and prominent Warren native, has officially been named by President Eisenhower to the post of Commander of the American Naval Forces in the Atlantic and Eastern Mediterranean and will assume duties in London, England in the latter part of March.

The President has also signified his intention of recommending that Admiral Dennison be promoted to the rank of full admiral to serve the new command.

Dennison, former naval aide to President Harry Truman, has been deputy chief of naval operations in the national capital and his new honor comes as no surprise to those who have followed his distinguished (Turn to Page Sixteen)

Secretary Plots To Have Wife of Her Boss Killed

PHILADELPHIA (AP)—A tall, middle-aged private secretary allegedly tried to hire a "hood" to kill her boss' wife. But the "hood" was a detective and this led to the secretary's arrest.

Miss Pauline Weiss, 48, was arrested Thursday as she left her apartment to go to work.

The night before, police said, she sat in a car with a man, in whom she had confided, and detective Peter Noga. She nervously handed Noga \$75 as a down payment, police said.

Noga said he was promised another \$25 after the murder. Inspector John J. Kelly said Miss Weiss, during a day of questioning, made a statement admitting the plot to kill 53-year-old Muriel Griffin of Devon.

Her husband, Willard Griffin, 58, manages R. L. Polk & Co., Inc., a publishing firm. Miss Weiss had worked for him three years.

Griffin said he was completely surprised by his secretary's arrest and the charges against her.

He said he had been happily married 33 years. Mrs. Griffin was not available for comment. Police would not say what might have motivated Miss Weiss.

She was charged with solicitation to commit murder and attempt to commit murder.

Denial Made by Nye He Plotted Against Castro

By STANFORD BRADSHAW

HAVANA (AP) — Alan Robert Nye was reported today to have denied that he had confessed to plotting to assassinate rebel leader Fidel Castro.

The 31-year-old former U.S. Navy pilot from Whiting, Ind., reportedly made his denial to U.S. Vice Consul Hugh Kessler in an interview with him Thursday. Kessler declined to confirm the report.

Police headquarters also had no comment. High revolutionary police and military officials met until late Thursday night discussing Nye's case.

The rebels arrested the American six-footer as he marched in their ranks in Oriente Province Dec. 26, five days before ex-President Nye's case.

\$129,000 Awarded Mrs. Firestone in Divorce

REDWOOD CITY, Calif. (AP) — A settlement of \$129,000 cash was awarded Mrs. Lois Allen Firestone in her divorce Thursday from the son of the president of the Firestone Tire & Rubber Co. of California.

The 23-year-old bride of one year charged Kimball Firestone with cruelty. The couple married in 1957 when both were Stanford students. They separated last July.

Firestone is a son of L. K. Firestone of Beverly Hills, Calif. The settlement also included a \$29,000 home near Woodside, Calif. and stock in four companies.

Humphrey Called Peddler of Tales

MOSCOW (AP) — Soviet Premier Nikita Khrushchev says he considers his recent Moscow guest, U. S. Sen. Hubert Humphrey (D-Minn.), a peddler of fairy tales. He called Humphrey a fabricator.

Khrushchev, speaking to the 21st Soviet Communist party congress Thursday, said the Yugoslav Communist party, accused of deviating from the Moscow line, was trying to drum up stories about differences between Red China and the Kremlin. He said the Yugoslavs, to substantiate these stories, used the Minnesota Democrat as a "substantial witness."

LaGuardia Field Conditions Fault Of Government

NEW YORK (AP) — A city agency says the federal government is responsible for delay in safety improvements at La Guardia Field, destination of an American Airlines plane which crashed into the East River Tuesday night.

A spokesman for the Port Authority of New York, which operates La Guardia, said Thursday the authority has been ready for three years to build a pier off Runway 22 to provide approach lights for aircraft.

American's prop-jet Flight 320 undershot Runway 22 and smashed into the water. Sixty-five persons died. Three crew members and five passengers survived.

The authority spokesman, who asked not to be identified, further commented: "The entire responsibility for establishing navigation and safety aids rests with the Federal Aviation Agency."

In Washington Thursday night an FAA spokesman said an instrument landing system for the East River approach to Runway 22 had been authorized and on order since July 1, 1957. He said it takes 18 months to two years to get the needed apparatus as (Turn to Page Sixteen)

No Sign of Settlement In Plate Glass Strike

PHILADELPHIA (AP)—With still no sign of a settlement, negotiators were called back to the bargaining table to thrash out the many issues involved in the four month Pittsburgh Plate Glass Co. strike.

Federal Mediator Robert Donahoe repeated what has been an almost unchanging theme of the marathon negotiations: "Both sides are still far apart, and it is slow resolving the problems."

Thursday's talks continued on a plant-by-plant basis with representatives of the company and the United Glass & Ceramic Workers Union reviewing once again the local issues that bar settlement of the national strike.

The dispute has idled 13,000 at nine PPG plants in seven cities. In addition, about 35,000 Chrysler Corp. and American Motor Co. employees have been laid off and assembly lines halted by a shortage of automotive glass.

White House Comments on Soviet Invite

BULLETIN

THOMASVILLE, Ga. (AP)—The White House said today President Eisenhower would consider visiting Russia if future developments indicate it would serve the cause of peace.

Press secretary James C. Hagerty made the statement in commenting on Soviet Premier Nikita Khrushchev's invitation to Eisenhower Thursday to come to the Soviet Union.

But Hagerty stressed that Eisenhower has no present plans to go there.

The press secretary earlier had declined comment on the Khrushchev invitation, extended informally in a speech by the Kremlin leader at the Moscow 21st congress of the Communist party.

But today Hagerty volunteered this statement at Eisenhower's vacation headquarters: "Premier Khrushchev's invitation to President Eisenhower to visit the Soviet Union occurred in a lengthy speech which contained very hostile references to United States leaders."

"It seems strange that Premier Khrushchev, if he really welcomes a visit by the President, would extend it in such circumstances."

"The President had no present plans to make such a visit — in fact, he hasn't received any invitation except through the reports of an off-hand invitation extended in a political speech."

"Ever since he has been in office, President Eisenhower has always made it clear that he was willing to go anywhere in the world if, by so doing, such a visit would serve the cause of peace."

"Should future developments suggest that a visit to the Soviet Union or anywhere else would serve to advance this cause, then it certainly would be considered."

MOSCOW (AP)—Soviet Premier Nikita S. Khrushchev Thursday urged President Eisenhower to visit the Soviet Union and challenge the United States to participate in making West Berlin a free city under United Nations responsibility.

House Approves Draft Extension By One-sided Vote

WASHINGTON (AP) — Extension of the military draft, overwhelmingly approved Thursday by the House, headed today for slower action in the Senate.

Chairman Richard E. Russell (D-Ga.) of the Senate Armed Services Committee, said hearings on the legislation will be held in "ample time before the expiration of the law," June 30. However, no time was set.

The House, taking up the draft extension bill as one of its first items, passed it 381-20 Thursday in just the form President Eisenhower and the Pentagon had recommended.

The bill would extend until June 30, 1963, the government's authority to draft young men for military service. It also would extend special provisions for calling up doctors and dentists previously deferred to complete their education and would continue special benefits for dependents of military personnel.

Lawrence Urges Work Be Started On Kinzua Dam

HARRISBURG (AP) — Gov. Lawrence today sought support in Congress for a multimillion dollar package of federal flood relief projects in Pennsylvania.

He sent letters Thursday to the state's Congressmen urging them to press for adoption of the U. S. Army Corps of Engineers civil works program.

It seeks about \$13,765,000 for construction and \$559,000 for planning navigation and flood control projects in the Commonwealth.

"Unless construction is expedited on many of these projects," wrote Lawrence, "I am fearful that considerable property damage and human suffering will result."

He pointed to January floods which damaged widespread areas of western and northeastern Pennsylvania to support his request. Lawrence contended that had work been finished on several of the projects, much of the damage would have been averted.

Instead, he said, the floods created a need for additional work in many areas.

Lawrence urged that work be started on the Allegheny River Reservoir in Warren and McKean counties. He said that money has been allocated for the project but that its start was held up by right-of-way litigation.

He listed construction of the Shenango River Reservoir and flood control work on French Creek near Meadville as other prime projects.

These projects were listed in the engineers' program: For navigation: Dam 8, Monongahela River, \$725,000; Delaware River, Philadelphia to Trenton, \$13,500,000.

For flood control: Allentown, \$680,000; Bear Creek Reservoir, (Turn to Page Sixteen)

Damaging Testimony Offered Against Green

By BILL GIBSON

LEWISBURG, Pa. (AP)—A government witness testified Thursday he delivered \$1,000 from John P. Gilroy Jr. to Rep. William J. Green (D-Pa.) at a time when Gilroy's engineering firm was helping build an Army Signal Corps depot at Tobyhanna.

The witness, John F. Padden, said that a short time after he handed Green the money the Congressman gave him five tickets to a \$100-a-plate Democratic fund raising dinner.

Padden gave his testimony as the conspiracy trial of Green, Gilroy and five others ended its fourth week.

Four-Year-Old Slashed To Death in Theatre by Father

WILMINGTON, Del. (AP) — A woman screamed hysterically in the darkness: "He's killing my baby."

An usher snapped on the theater lights, and some 50 patrons turned in their seats. They saw Jose Longoria slashing wildly with a pocket knife at a small boy, his son Steven.

The 4-year-old died quickly of body wounds.

The mother, Violet, 25, sobbing as she was taken to a hospital for treatment of shock, told police the story.

She and her husband were estranged. She and Steven were living with her parents, Longoria, 32, was released from jail only

WIDE RANGE COVERED AT PARIS TALKS

By DAVE MASON

PARIS (AP)—Secretary of State John Foster Dulles and President Charles de Gaulle found themselves in agreement today, as in the past, to maintain Western access to Berlin. They conferred for an hour and a half.

American and French spokesmen said the talks covered a wide range of problems, but no new decisions were reached.

The spokesmen said, however, that De Gaulle and Dulles were in complete agreement that the West must maintain its routes to West Berlin, 110 miles behind the Iron Curtain, and would not accept any move by the Soviet Union to substitute East Germans for the Soviet soldiers in those positions where the four occupying powers come together in Berlin.

The American spokesman said the talks in Paris had progressed in a similar manner to those in London. There Dulles conferred with British Prime Minister Harold Macmillan, who is going to Moscow Feb. 21 for a visit that the British hope will ease East-West tensions.

Dulles is going on Saturday to Bonn for talks with West German Chancellor Konrad Adenauer about Western problems, primarily how to approach fresh negotiations with the Soviet Union on the German unification question.

He had a meeting with French Foreign Minister Maurice Couve de Murville before seeing De Gaulle.

Britons of all political complexion cheered Prime Minister Macmillan's decision to fly to Moscow Feb. 21 for what he called a reconnaissance mission.

The suave 64-year-old Macmillan was depicted in the British press as a "diplomatic prince charming out to win the hearts of the Soviet people." Some newspapers predicted the trip would lead to an early East-West summit conference.

Dulles openly — and the French privately — endorsed the Macmillan venture as possibly useful, but they did not share the British public's expectation that it might (Turn to Page Sixteen)

Mixup in Crash Victims' Bodies Cleared by Navy

GAFFNEY, S.C. (AP) — Two days ago, a shocked mother and father found the body of a stranger in a casket sent them by the U.S. Navy in the belief it was their son.

Today, the error rectified, Mr. and Mrs. J. Brunson Phillips are burying their son Jerry Robert Driskill, 23, one of three sailors killed Monday in a highway accident at Pensacola, Fla. He will be accorded military honors.

Driskill's body was intercepted Thursday in a railroad baggage room in Chicago. It was apparently en route to the parents of Lawrence H. Geis, 22, Milwaukee, whose body the Phillipses had received by error. Geis was killed in the same accident.

Navy Secretary Thomas Gates ordered a Navy plane to fly the bodies to the right destinations.

The third victim was Donald L. Tullis, Racine, Wis.

## SCOUTING LOOKS AHEAD

Here, as well as elsewhere in America, Boy Scout Week will be observed February 7 to 13. It will mark the 49th anniversary of the organization that has touched the lives of more than 29,500,000 Americans since 1910. There is hardly an American family that has not felt its influence.

Today there are more than 4,780,000 boys and leaders playing the "game of Scouting." Although one of every four boys eight to sixteen years old is enrolled, leaders of the movement want to serve at least a majority of the boys in America.

The next five years will see a large increase in boys of those ages.

"Looking ahead for the next five years," says Dr. Arthur A. Schuck, Chief Scout Executive, "we must recognize that never has it been so important or imperative that the youth of our nation be trained to high idealism, acquired through unselfish service, by self-reliance, and cooperative effort."

He says that although Scouting's ideals and objectives have remained constant since 1910, "the program, organization methods, and operating techniques have changed as a result of study and understanding of changing conditions and as necessary to meet the needs of a rapidly growing organization."

To bring Scouting to more of the boys who want it will require more trained leadership and more facilities including camps.

We are confident that the Boy Scouts of America will meet the challenge. Happy birthday, Boy Scouts!

## DOLLAR DAYS CONTINUE

Area shoppers are reminded that Dollar Day Values continue in 70 Warren retail outlets tonight and Saturday, until closing time. Shop early before best selections have been sorted over.

His many friends in the Warren area join in extending congratulations to our fellow townsman Admiral Robert Lee Dennison on his latest important assignment by President Eisenhower as Commander of the U. S. Naval Forces in the Mediterranean.

## WORLD TODAY

By James Marlow  
Associated Press News Analyst

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—The 21st

Communist party congress in

Moscow, dominated by Premier

Khrushchev, showed once again

the difference between him and

Stalin. It was the difference be-

tween an undertaker and a sales-

man.

Stalin was a constant reminder

of death. Khrushchev puts on the

jolly "Let's get together, fellows"

act. He's just as tough as Stalin,

but smoother.

Stalin's idea of getting rid of

anyone he didn't like was to blow

his head off. Khrushchev just

shoves them into oblivion but lets

them live. He has a growing list:

Molotov, Malenkov, Bulganin, and

others.

Khrushchev let the congress dele-

gates get off steam by publicly

scolding the old time Bolsheviks

he pushed aside. But there's no

sign he intends them any physical

annihilation. This would seem a

pretty good indication of his con-

fidence in himself and his own

sense of power.

Reports from Moscow disclosed

nothing sensational at the congress

which ended Thursday. Perhaps

it was tougher for being fairly

placid.

Khrushchev didn't really budge

an inch toward the West, although

near the end of the congress he

called—as he has before—for an

end to the cold war. In a burst

of self-confident generosity he told

the West it could consider itself

the winner, "just so you end it

forthwith."

He did boast of Soviet missile

production, letting Americans and

everyone else guess whether he

was talking true or making propa-

ganda. And he promised, as he

had before, a better life for the

Soviet masses.

There's no reason to think he

won't or can't make good on his

promises. People who have tried

to understand him before have found

themselves wrong.

A psychologist would probably

say Khrushchev's a lot smarter at

getting work out of the Russians

than Stalin.

Stalin got work and compliance

by holding aloft a sword of terror.

Khrushchev tries to give the Rus-

sians a sense of participation in

the creation of their own future

by whipping up enthusiasm for his

programs.

The routine nature of the 21st

congress was in great contrast

with the sensations of the one in

1956 when Khrushchev shocked the

whole communist world—not to

mention the rest of the world—by

downgrading Stalin.

It's a good guess he did that at

that time in an effort to erase

from everyone's mind, by demon-

strating the reasonableness of the

new Krenlin men, the idea that

Soviet leadership was a symbol of

barbarism.

If this is a correct assumption,

Khrushchev now apparently feels

his idea worked. He has no reluc-

tance to pay some tribute to Stalin

for laying the foundations of pre-

sent Soviet successes.

Khrushchev stirred up the West

with his demand that the allies

get their troops out of Berlin and

leave it an open city. It was a

good starting point to create dis-

sension among the Allies who may

wind up having different ideas on

how he should be answered.

He may have given the appear-

ance of willingness to make con-

cessions about West Berlin. It's

an optical illusion so far. For ex-

ample: he talked of possible uni-

fication of East and West Ger-

many.

But he made it clear he is never

going to stand by for a reunifi-

cation that means the disappear-

ance of Communism in East Ger-

many where the Russians worked

hard to build it up.

## "At Last! They're Starting To Be Reasonable"

## Here and There

One-sixth of the members of the 86th U. S. Congress are Kiwanians, according to Plumtree Collins, president of the Warren club. These government leaders, and Kiwanians occupying important posts in the executive branch of the government will be honored by Kiwanis International at the Sixth Biennial Kiwanis Congressional Dinner at the Statler Hotel in Washington, D. C. Wednesday evening, February 18th. About 800 people are expected to attend the colorful affair which will be "the world's largest Kiwanis meeting." Principal speaker will be Kenneth B. Lohead, Toronto, Ontario, Canada, President of Kiwanis International. Honored guests, including most of the Kiwanians in the U. S. House and Senate, will sit at a two-tiered head table before a banquet room filled with Kiwanians from throughout the United States and Canada. In addition to the Kiwanians in the U. S. House and Senate who will be on hand, invitations have gone out to Kiwanians Wilber M. Brucker, Secretary of the Army; Arthur E. Summerfield, Postmaster General, Hugh Milton II, Under

Secretary of the Army; John Allen, Under Secretary of Commerce; and others in the Executive Branch of the U. S. Government. The Kiwanis Club of Washington, D. C., will play host to the huge Kiwanis meeting, as they have for the five previous affairs. Kiwanis President Kenneth B. Lohead characterized the record of Kiwanis service in the 86th U. S. Congress as indicative of the desire for community service which is the motivating force of Kiwanians everywhere.

Here, as well as elsewhere in America, Boy Scout Week will be observed February 7 to 13. It will mark the 49th anniversary of the organization that has touched the lives of more than 29,500,000 Americans since 1910. There is hardly an American family that has not felt its influence. Today there are more than 4,780,000 boys and leaders playing the "game of Scouting." Although one of every four boys eight to sixteen years old is enrolled, leaders of the movement want to serve at least a majority of the boys in America. The next five years will see a large increase in boys

of those ages. Today there are 1258 boys in Cub Scouting, Boy Scouting, and Exploring within the Chief Complanter Council which administers Scouting in this area. Within five years, local leaders expect to find 1600 enrolled. "Looking ahead for the next five years," says Dr. Arthur A. Schuck, Chief Scout Executive, "we must recognize that never has it been so important or imperative that the youth of our nation be trained to high idealism, acquired through unselfish service, self-reliance, and cooperative effort." He says that although Scouting's ideals and objectives have remained constant since 1910, "the program, organization methods, and operating techniques have changed as the result of study and understanding of changing conditions and as necessary to meet the needs of a rapidly growing organization." To bring Scouting to more of the boys who want it will require more trained leadership and more facilities including camps. We are confident that the present 616 leaders in the Council will meet the challenge. Happy birthday, Boy Scouts!

Any Confederate money in that old trunk in the attic? Hang on to it. At least one segment of the Confederate army will rise again. The Brookhaven Light Artillery, a well-known Civil War unit organization in Lawrence County, Miss., in 1861, is being reorganized. Spokesmen for the 115th Antiaircraft Artillery Battalion of the Mississippi National Guard at Brookhaven say they're outfitting three companies with Confederate uniforms and cannon of the Civil War period. For parades and other ceremonies, of course. Of course. But just in case.

The Warren County Heart Association provides professional education for both physicians and lay people. "Modern Concepts", a quarterly edition, bringing the latest developments in the heart and cardiovascular field, is mailed to all Warren County physicians. Colorful heart diagrams, various publications and materials are also made available. A heart model, Kodachrome heart slides and several books were presented to the Warren General Hospital for use in teaching and nurses' refresher courses. The Pennsylvania Heart Association conducts workshops twice a year which the executive secretary attends. An annual meeting and Scientific Sessions Meeting is held each year with physicians from all over the United States in attendance. A member of the Medical Advisory Board of the Warren County Heart Association has represented the local group at the 1956, 1957 and 1958 Scientific Sessions.

## How to Keep Well

By Dr. Theodore R. Van Dellen  
(© 1958: By The Chicago Tribune)

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

### THE SPRIGHTLY EIGHTIES

Life expectancy is now approximately 70 years and many men and women who live beyond this age are well preserved and active. This is understandable because a person must be healthy to reach 70. Many of those with heart trouble or afflictions of other vital organs do not make the grade.

The pages of history are filled with illustrious octogenarians who made valuable contributions after they reached their 80th birthday. The majority have been leaders in politics and law. The greatest amount of creative work in music, art, literature, and science has been done at an earlier age but it is surprising how many scientists, writers, artists, and musicians continue to be productive into old age.

S. L. Pressey, professor of psychology at Ohio State university, attempted to determine whether present day octogenarians are active. He obtained the records of 329 persons aged 80 or over who are working for pay. The majority had part time or occasional jobs.

The best known of the group are Churchill, Adenauer, and some of our own congressmen and business leaders. These men are assets to their communities because of their experience and knowledge. It has been my contention for years that our senior citizens should go into politics. They have mellowed through the decades and are willing to serve their country without greed and self-ambition. These men are not easily swayed by outside influences.

This study showed that many physicians, lawyers, skilled artisans, farmers, bankers, clerks, barbers, and handy men are productive past 80. The majority limit their work, such as the 88 year old lawyer who kept only his old clients and stuck to wills and settlements of estates. Elderly columnists specialized in reminiscences and an

aged clergyman was rehired by his church for the job of visiting the sick and elderly.

There must be thousands of octogenarians doing useful work. Let me know by letter of any others who might serve as examples to encourage some of our senior citizens who have lost hope and are doing nothing.

TOMORROW: An East Indian epidemic.

### EAR RINGING

K. R. writes: Is there a cure for ringing and whistling in the ears?

Reply  
Many victims of this annoying disorder can be helped. Our leaflet on ear ringing or head noises discusses the various origins of the condition. Send a stamped, self-addressed envelope for this leaflet.

### LIVES ALONE AND LIKES IT

J. E. writes: A 65 year old widow prefers to live alone and is perfectly satisfied doing her housework and watching TV. Is it bad for her health to live all by herself?

Reply  
No. This woman should have outside friends and interests, as complete isolation is not desirable.

### RESTRICTIONS ON SPINACH

T. W. writes: Does spinach contain a harmful amount of oxalic acid?

Reply  
No. If it did, I don't know where we would all be by now. However, if an individual tends to form oxalate kidney stones, restrictions on spinach and other foods containing oxalic acid are in order.

### PERIODIC HEADACHE

Mrs. V. writes: Is it natural to develop headache every month right before the period?

Reply  
This occurs but is not so common as to be natural.

Today's Health Hint—Be flexible when dealing with problems.

## Business Mirror

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—Bigness in business is up today for another going over by the federal government.

Its virtues and faults have been debated through the years. But today the dispute is sharper because big business is growing bigger.

The Justice Department says what it is looking into is the concentration of power in the auto and steel industries.

Defenders of bigness point out that in an economy as large as ours business must be big. They contend that the big company often can operate more efficiently than the small one.

They argue that the big corporation can give more service and distribution. They contend that only the big company can afford the expensive research that leads to new products or improvements on old.

Critics of bigness say that the

giants often can keep small ones from surviving, or others from starting. They hold that the public suffers from the lack of competition.

At last count—all of the 1958 reports aren't in yet—there are 23 industrial companies with assets of more than one billion dollars each.

Three of these are auto makers—General Motors with about 7 billion dollars, Ford with more than 3 billion and Chrysler with 1½ billion.

Two are steel companies—U.S. Steel with about 4 billion, and Bethlehem with more than 2½ billion.

Of the 50 biggest money earners in 1958, General Motors was the only auto company.

The 1,000 corporations having the largest sales volume in the latest 12-month count reported a total of 213 billion dollars. This came to 60 per cent of all the business done in the United States.

## Thought for Today

Tell it not in Gath, publish it not in the streets of Askelon; lest the daughters of the Philistines rejoice, lest the daughters of the uncircumcised triumph.—II Samuel 1:20.

# SOCIETY

## Diamond Grange Plans Activity

The regular meeting of Diamond Grange was called to order by Mrs. Alice Bean, acting master, with 20 members present and several officers absent. Ralph Rapp was acting overseer; George Champion, gate keeper; Mable Rapp, acting lecturer; Herman Hannold, steward and Merle Switzer, acting secretary.

Mrs. Mable Rapp, as home economics chairman, announced a products party in the future and announced that those wishing to participate in the Grange sewing and crochet contest should contact her for applications.

A card party will be held February 14, with Mrs. Roxie Watson as chairman.

For lecturer's hour, Mrs. Fern Hannold read comments by Beatrice Church on "Happenings of These Changing Times" and comments on great men whose sayings and life doings have become traditional to American life.

The sewing group met Wednesday afternoon for quilting, the next session scheduled for February 19 with Mrs. Olive Degolyer.

Diamond Grange Kitchen Band will entertain for The Farmer's Institute at Youngsville February 13 at 7:00 p. m. Practice is called for Monday evening at 7:00.

## Ryberg-Steele Rites In Lutheran Church

Sally Ann Steele, daughter of Mrs. Leon Goodford, Warren, and Willard Steele, Locust, N. J., and John C. Ryberg, son of Mr. and Mrs. Clifford Ryberg, 693 Fifth avenue extension, were married January 17 at 2:30 p. m. in First Lutheran church, with The Rev. Frederick Haer performing the double ring ceremony.

The bride was given in marriage by her father with Miss Susan Peterson as maid-of-honor.

David Swanson served as best man.

A reception following the ceremony was held at the home of Mr. and Mrs. Clifford Ryberg, where the buffet table was centered with an arrangement of white candelabra and tiered wedding cake.

The bride attended Warren High School, Cherry Lawn School of Darien, Conn. and Middletown High School in New Jersey.

The bridegroom attended Warren High School and served four years with the U. S. Air Force. He was formerly employed by Warren Television Corp. and recently accepted a position with the Federal Aviation Agency, Port Erie Airport in Erie, where the couple will reside.

Hostesses at pre-nuptial affairs were Mrs. Leon Goodford and Mrs. Clifford Ryberg.

## Mendelssohn Program At Philomel Meeting

The Philomel Club met Wednesday afternoon with Mrs. Neil presiding prior to the presentation of an all-Mendelssohn program by Miss Margaret Wright, meeting chairman.

Miss Wright spoke of the German composer's origin, extremely busy lifetime, remarkable versatility and his untimely death at the age of 38. Among Mendelssohn's many contributions to the music world is "Elijah", written in 1846, the year before his death. This is considered by many to be the composer's most brilliant achievement and the chairman reminded members that a portion of the thrilling work will be publicly presented at First Presbyterian Church February 15.

Mrs. Francis Ericsson sang selections from "Elijah", illustrating its great beauty. Others performing various Mendelssohn selections were Mrs. Florence Stevens, vocalist; Mrs. Eugene Cease, pianist; Mrs. Laurel Whitmore, violinist, accompanied by Mrs. Charles Easton, and Mrs. Jacob Levinson, accompanist and piano soloist.

Tea was served by Mrs. Shirl Glass and committee. The table center with a heart-shaped floral centerpiece in keeping with Valentine's Day. Mrs. Ernest Bautz and Mrs. J. R. Reddecliff poured.

## Youngsville Parish Plans Unusual Series

At some time or other many people have longed for some special opportunity to hear the Christian religion explained as a whole but in small compass and in language that can be understood. Now an excellent opportunity affords itself to those who are interested.

A series of recorded addresses will be presented in connection with the weekly Lenten services of St. Francis of Assisi Episcopal church, Youngsville, beginning at 7:00 p. m. Ash Wednesday evening, February 11, and continuing each Thursday evening at the same hour for the following five weeks.

The recordings are produced by Order of the Holy Cross, one of the foremost teaching and missionary monastic orders of the Episcopal Church. The speaker is the outstanding missionary preacher, The Rev. Alan Whittemore, a monk and at one time Superior of the

Order. Father Whittemore speaks of this as a "canned" mission.

These addresses are unique in that they depend, under God, not on some person coming to preach but on those who come seeking to learn more about the Faith and pray and work more effectively with this knowledge. The appeal is not primarily to the emotions as in a revival but to the mind.

All are welcome to come and bring friends. There will be a Fellowship Hour in St. Francis Parish Hall after each Thursday service from February 19 on.

### PRE-SCHOOL GROUP

Miss Katherine Krapp of the Family Service and Children's Aid Society, explained the society's service to members of Pre-School Guidance Group Tuesday evening at the home of Mrs. Robert Brennan, Volunteer Drive. Mrs. James Zook, Mrs. Clair W. Hanson and Mrs. Gerald Vesling assisted the hostess.

### ST. PAUL'S EVENTS

Monday—Board of Trustees meeting.  
Tuesday—8:00. Married Couples' Class will meet at the home of Mr. and Mrs. Leonard Ekey, 692 Pleasant Drive, with Mr. and Mrs. Lawrence Ekey, co-hosts. Paul Mitzabaugh, principal of East Street school, will speak on his stay in France. Members are asked to bring coloring books to be used in the nursery.

Wednesday—1:30. Religious education class, 3:10. Confirmation instruction class, 6:30. Youth Choir rehearsal, 7:30. Ash Wednesday communion service.

Thursday—3:10. Confirmation instruction class, 6:00. Father and Son banquet, sponsored by the Churchmen, will be held in the church parlors and tickets may be obtained from members of the Churchmen. For the program, Howard, Fox, Akeley, and Einar Anderson, Jamestown, will entertain with a magician's show.

## Fine Programs Given At Club Gatherings

**SHEFFIELD**—Mrs. Ruth T. Miller presented an interesting review of Robert Sherwood's plays "Abraham Lincoln in Illinois" at a recent meeting of the Women's Club, enabling members to glimpse something of Lincoln's life from the age of 22 until becoming the 16th president of the United States. Mrs. Arch Brown was hostess with Mrs. C. F. Ellison, Mrs. John Burns, and Mrs. Ruth Miller as social committee. Mrs. W. O. Christensen welcomed Mrs. Fred Carlson as a new member.

The Junior Woman's Club met at the home of Mrs. Ralph Santo, Church street, with twenty-seven members and two guests. Mrs. Jack Landers and Mrs. John Johnson, present. Mrs. Charles Rice, president, appointed Mrs. Lee Bathgate, Mrs. Eugene Leseman and Mrs. Francis Wagner as next year's program committee.

Announcement was made concerning the Federation's Washington, D. C. appearance on Edward R. Murrow's Person to Person program. The club voted a donation to the Heart Fund and heard a thank you letter concerning a Women's Medical College donation. Phyllis Biacchi, Warren beautician, spoke on beauty culture with Mrs. Robert Fitch as model. The next meeting will feature a unique hat show of original creations, prizes to be given. Social committee members were Mrs. Jessie Johnson, Jr., and Mrs. Richard Grubbs.

Mrs. W. W. McMillan was hostess to the Progressive Club with Erv Rader speaking on Civic Problems and presenting a most comprehensive talk on Sheffield's industrial work need and a resume concerning the Kinzua Dam. It was announced that twenty-three babies had attended the Well Baby clinic in January. Mrs. Erv Rader was a guest at the meeting and refreshments were served by Mrs. Donald Curtin and Mrs. Arthur Fawcett.

**HOSPITAL SNACK BAR**  
Monday—Mrs. J. F. Crane. Mrs. Kenneth Middaugh Mrs. Clyde Miller, Mrs. Raymond Lowe, Mrs. R. J. Reiff, Mrs. Kenneth Bliss.

## Evening of Plays Repeat Tonight

An appreciative audience last night witnessed the opening performance of four delightful one-act plays in the Warren High School auditorium, as the Warren High Dramatics Club presented its annual Evening of Plays. A second performance is scheduled for this evening at the school.

The production included two farces, good for many laughs and chuckles. "Goodnight, Please" featured Dan Otterbein as Meredith Whitehouse, bank president, who decides to spend a week in bed; "Sunday Costs Five Pesos", presented Bill O'Dell and Rosemarie Dangel as a pair of scrapping Mexican lovers.

The third show was a sophisticated comedy, starring Patti O'Hara as the aging actress who tries to prove to her daughter she is "Never Too Old" to go on the stage. Finally, the serious drama, "The Valiant", drew tears to the eyes of the audience, with Jack Falin as the condemned prisoner.

Tickets are available at the door for this evening's performance, which gets under way at 7:30.

**GOOD ATTENDANCE AT C D OF A MEETING**  
Regular February meeting of Court Warren, Catholic Daughters of America, was well attended with a large group of new members present for the first time. Highlights of the business included plans for a rummage sale in April with details to be discussed at the next meeting. Contributions for the Frances Maher Memorial Fund were received and will be taken any time and payable to the grand regent.

A white elephant sale followed which proved both profitable as well as entertaining.

Lunch was served by the committee in charge.

Note to all members and choir going to Titusville Sunday to please be at the bus station at 12:15 p. m.

**ELECTIONS AT ST. JOHN'S LUTHERAN**  
Reorganization for 1959 was completed at the regular Council meeting of St. John's, when Lyle Snayley was elected vice president of the congregation. The remaining officers were re-elected for another year: Fred Schaeffer, secretary; Robert Orth, general treasurer; Myles Tremblay, building fund treasurer; Paul Nordine, financial secretary.

Plans and procedure were discussed for completion of the second year Building Fund Drive, which ends March 15. The congregation stands to raise just over \$2,000 to complete its \$8,000 commitments for 1958-59. With the work and thought of everyone, the congregation will meet this commitment. Importance of this task is of real concern, because the funds are vitally involved in the present construction of the new church.

## Jamestown Show Enthusiastically Greeted Locally

An enthusiastic audience last evening thoroughly enjoyed the Jamestown Little Theatre's authentic presentation of "Modes and Music" or "A Century of Fun and Fashion," sponsored by The Woman's Club.

The narration, authored and presented by Mrs. Stanley Davis, knitted together ten periods in American Living beginning with the Civil War crinolines days. Two songs, "Not for Joe" and "Up in a Balloon" set the pace for a review of fashions and foibles during the past century as models showed gorgeous gowns with draped skirts. Tight bodies, fringe, jet and ostrich plumes.

Songs of Stephen Foster, sung by a negro group; "Walking Down Broadway"; a bowery scene featuring "Where Did You Get That Hat," "Mother Was a Lady" and "After the Ball" ended with a modern can-can dance.

The turn of the century, humble beginnings ending in fabulous wealth was shown in a delightful dance of the famous Florida Girls.

Comedy entered the scene with 1910 bathing costumes featuring two couples depicting "On a Sunday by the Sea" followed by the Charleston of 1920 which made current rock 'n' roll seem relaxed.

With 1920, the age of cosmetics arrived as Hollywood's screen sirens influenced fashions. Later, shortages in materials due to war, opened an artistic, unfeminine era, ending with the new look as the fashion picture became a blending of Paris, New York and California. This period ended with a typical torch singer's husky notes.

The final scene was a modern wedding, full of imitations such as a lost collar button which almost put the nuptials on the rocks.

**YOUTH FELLOWSHIP**  
Alliance Youth Fellowship will present a full hour of sing-along with trumpet duet, clarinet solo and vocal solos at this week's meeting. All young people aged 11 to 25 are invited to participate at Christian and Missionary Alliance church. Those needing transportation may call Calvin Vandenhoff, phone 1207-W.

**NORTH WARREN HOMEMAKERS' MEETING**  
North Warren Homemakers will meet Monday evening at 8:00 at the Community House to hear Dorothy O'Donnell, home furnishings and management specialist from Penn State staff. Formerly affiliated with Better Homes and Gardens magazine, Miss O'Donnell will discuss "Light Up Your Life," with a question-answer period to follow a talk on interior decorating. All members are urged to attend the meeting, a White Elephant Sale to conclude the program.

## Boy Scout Organization Now Has Close to Five Million

Word was received by Elmer Morgan, Scout Executive of the Chief Complanter Council, Boy Scouts of America, that the organization had close to five million Scouts and leaders on its rolls last December 31, according to a report from Dr. Arthur A. Schuck, Chief Scout Executive.

Dr. Schuck said that 1958 closed with 4,950,883 boys and adult leaders enrolled, an all-time high in membership. He said this represented a gain of 199,390 members in 1958, or a 4.2 per cent increase.

The boy membership showed 3,615,073 enrolled, a gain of 154,102 or 4.5 per cent during the year.

Cub Scouts, a program for boys eight, nine and ten years of age, number 1,814,504. There are 1,543,048 Boy Scouts and Explorers in troops, a gain of 116,431 or 8.2 per cent.

Explorers in Explorer units total 237,521, a gain of 29,041 or 12.7 per cent.

Dear Mr. Lowrey:  
Whoever wrote that letter last night saying that the Jaycees shouldn't put on a 4th of July Celebration this year must not have any children. If he (or she) did, they would know that kids look forward to the 4th of July celebrations for months in advance. For them it's like a second Christmas and that's why I believe that the Jaycees should have a 4th of July celebration this year and every year.

## The POWER of FAITH

by Howard Brodie

Amos Alonzo Stagg was busy raking leaves when I pulled into the driveway of his Stockton, Calif., home. Now 96, the grand old man of football is far from retired. He still coaches kicking and punting at Stockton Junior College, carrying on an incredible career that began more than 70 years ago.

"By all odds," he said, "faith has been the most important thing in my life."

Stagg explained that his life lacked meaning and purpose before he joined the Presbyterian Church in his youth. The son of a poor cobbler, he worked his way through high school and then through Yale University by living in Spartan simplicity. He developed his legs by running to class in the cold because he had no overcoat.

While studying for the ministry, he pitched Yale to five national baseball championships, praying with each pitch: "God, help me to do my best."

After graduating, Stagg perceived that because he lacked preaching talent he could do his best for God and man on the athletic field, molding young bodies and minds.

A leading sports figure in the century, Stagg contributed the head slide to baseball and the tackling dummy to football, but he counts his greatest contributions in whatever parables of faith he has been able to transmit to the thousands of boys who have played on his teams down through the years.

### News of Hollywood

By BOB THOMAS  
AP Movie-TV Writer

(Third of Five Articles on the Teen-age Music Industry)

HOLLYWOOD (AP)—How did teen-agers take over the popular music field?

There can be no doubt that they did. The best-selling records in the nation are those favored by that age group called "Twist Twelve and Twenty" by Pat Boone in his best-selling book. These twisters call the tune, and the adults grudgingly follow.

This revolution in taste has taken place in the last two or three years. The Castro of the revolt was a side-burned guitar thumper named Elvis Presley. But one man doesn't make an army, and Elvis had powerful allies.

The disc jockeys have had much to do with upsurge of the teen-age music industry. These record spinners range from the milkman's matinee announcer of a 250-watt Philadelphia's Dick Clark, high priest of pop music through his TV dance parties.

Observes a top record official: "Take a town like Los Angeles. There are 23 radio stations and at least five disc jockeys at each station. Each one is trying to make a name for himself, and so they're looking for records that are new and different. Quality makes no difference.

"The teen-agers are like sheep. They'll follow whatever they hear. If they're exposed long enough to bad music, that's what they'll like."

Al Jarvis is the Christopher Columbus of disc jockeys, having discovered the art form with his "Make Believe Ballroom" here in 1932.

"The jockey owes it to his employers to try to get the best rating possible. The way to get it is to play what the teen-agers want to hear. They don't want 'Nearer My God to Thee' in E flat. They want rock 'n' roll," Jarvis said. "When will their tastes in music get better? When we make this a better world for them to live in." (Next: How one record ("Tom Dooley") made fortunes for three bright young men.)

(Fourth of Five Article on the Teen-age Music Industry)

HOLLYWOOD (AP)—Three fresh-faced young men stepped up to the microphone. They were dressed identically in Ivy League pants and open-necked striped shirts. They plunked two guitars and a banjo and started crooning: "Hang down yer head, Tom Dooley."

The youthful crowd of 6,000 in Los Angeles' Shrine Auditorium

loosed a roar of approval. "Fore boy, you're goin' t' die."

Cheers shook the great hall. This was the signal of acceptance for three bright fellows who are riding the teen-age music boom to early fortunes.

They are Dave Guard, Bob Shane and Nick Reynolds, who call themselves the Kingston Trio. The name is an accident—"We started out when the calypso craze was on, so it sounded like a good idea."

Nor, despite their hit with the backwoods ballad of the doomed Dooley, are they hillbillies. Dave and Bob grew up in Honolulu. Nick is from Coronado, Calif.

How did the Kingstons crack to the top of a music market that puts little emphasis on musical or intellectual quality?

"Dooley" did it. "The teen-agers buy single records, and they made it a hit," explained Guard, chief Kingstonian. "So far it has sold 1,800,000 here and about the same in England. We're just as amazed as anyone."

The boys got together at Palo Alto. All were business students. Dave at Stanford University and Bob and Nick at nearby Menlo College. Dave and Bob were chums from Hawaii, where they had strummed ukeleles to island tunes. The trio began playing their guitars and banjos and chanting folk tunes in campus hangouts.

San Francisco publicist Frank Werber introduced them to San Francisco niteries. They caught on, played other intimate clubs in Chicago and New York. A year ago, they signed with Capitol Records and made an album which became a bestseller.

(Last of Five Articles on the Teen-age Music Industry)

HOLLYWOOD (AP)—A handful of years ago there were four re-

cord companies in the United States. Today there are more than 1,500.

No wonder record veterans exclaim the business has gone crazy!

Says one: "Any guy with a thousand dollars can start a record company. All he's got to do is pick up a foursome in a bar, take 'em to a recording studio, make a couple of sides, think up a name for his label, and he's in business."

Then he takes his record to a distributor in one or more of the major cities. If the distributor thinks the record might sell, he takes it on. It is sent to the local disc jockeys. If they take a shine to it, they play it over and over on the air, and the teen-agers start asking for the number in the music stores.

If this situation is repeated in city after city, the man who started with a shoestring can end up with a shoe store.

As might be expected, the established record firms are upset by this trend. They complain that distributors favor the shoestringers, who demand less royalty because they have no overhead. There are even dark hints that hits are created not by teen-age demand but by greasing the palms of disc jockeys and other hit-makers.

What has the teen-age revolution done to the record business? The industry boomed from 7½ million dollars in 1939 to 400 million in 1957. Indications are that the record companies may have dropped in sales volume in 1958.

The reason is that teen-agers have virtually taken over the single-record market. Their kind of music is largely unappealing to adults, who buy the albums. For that reason, the major companies are putting more and more emphasis on the packaging of albums while the newcomers scramble to sell singles to the kids.

What about the teen-agers? Most observers believe the kids will increase their hold on pop records. Some see hope in the rising interest in Latin music and the big bands. But these are small glimmers in an otherwise dark picture for those who dislike teen-age music.

### Tickets Still Available For "Y" Dad-Lad Dinner

It is still not too late to make reservations for the seventh semi-annual Gra-Y Dad-Lad supper, to be held at 6:30 p. m. Saturday at the YMCA. Reservations may be made until Saturday morning at the YMCA by phoning 1000.

A fine evening of recreation and entertainment has been planned by the Gra-Y council for boys, their fathers and friends. The East Street Gra-Y, under the direction of Paul Mutzabaugh and Henry Dahl, has planned a varied program. The meal will be served smorgasbord style, and will be followed by colored films of the Brussels World's Fair, with comedy-talent skits by Gra-Y members.

The evening will be concluded

by a special swim period in the "Y" pool, featuring a game program for fathers and sons. Special contests will be enjoyed and the usual surprise prize will again be a feature of the evening.

## Coln Vignettes --- (3)

Though only a self-taught lawyer, Lincoln's legal wisdom, skill and influence over juries is legend.

In one case he represented a man who had sold a team of oxen to two young brothers. They later refused to pay, claiming immunity as minors. "Legally," their case was solid, Lincoln admitted this and, surprisingly, did not criticize the boys. Instead, he attacked the jury.

A verdict freeing the boys from their promise would be harmful to them, Lincoln argued. The jury had no right to allow them to begin life with this stain on their characters. When he was finished, everyone, including the boys, was in favor of their paying the debt.

## New Type Copper Wire Produced by Sylvania

An aluminum clad copper wire designed for use in the production of high temperature magnet wire and a variety of electrical conductor applications, in aircraft, missiles, and other high speed industrial equipment, has been announced by Sylvania Electric Products, Inc.

Richard E. Corcoran, product sales manager of Sylvania's Parts Division, said that the new high temperature wire, which consists of an aluminum alloy cladding over a high conductivity copper core, has applications both as magnet wire and as high temperature lead-in wire.

The new wire features all the advantages of an aluminum surface and, in addition, offers a conductivity approaching that of copper, Mr. Corcoran stated. The aluminum surface can be anodized for insulation, he added.

The aluminum alloy measures approximately 40% of the cross-sectional area. At room temperature the conductivity of the new Sylvania wire is close to 70% that of copper, according to Mr. Corcoran.

## Information on Review Courses in Engineering

Review courses for practicing engineers who plan to take the professional examination for State registration in Pennsylvania will be offered this Spring in Warren, according to William Mosso, District Representative, at the Behrend Campus of The Pennsylvania State University in Erie.

Instruction covers those phases of engineering with which the engineer should be familiar in order to be adequately prepared for the examination.

"Preliminary registrations held in Warren over the last two semesters have," according to Mosso, "produced enough interest to establish a class composed of a nucleus of engineers interested in the Engineer-in-Training and Mechanical Engineering exams." "These two groups can be combined into one class," said Mosso, "as 60% of the material covered in the course is common to both groups and can effectively be handled by one competent instructor." Only classes in these two areas will be started this semester.

Classes are informal in nature, with emphasis upon covering those phases of the various technical areas in which class members feel the most need for help. Private study outside of class reviewing notes and working problems will be necessary. No text books are required except for the Engineer-in-Training course. Review "Kits" are provided each student and are included in the charges for the courses.

All area engineers interested in enrolling for the E.I.T. and M.E. exams should be present at the Beaty Junior High School Room 116, on February 9, 1959 at 7:00 p. m. Professor Thomas A. Wright, Engineering Extension and Coordinator of Review Courses for Penn State, will be present at that time to answer all questions concerning the review courses. Formal registrations will then be held and fees collected. If approximately fifteen engineers formally register at that time, classes will begin on February 23rd and will meet each Monday and Wednesday evening from 7:00 to 10:00 p. m. for a period of 12 weeks. This will enable the course to be completed before the professional engineering examinations are given in Pittsburgh in mid-June.

**SILVANIA TRANSFER**  
Charles W. Morrison, who has been a senior sales representative in the Parts Division sales office of Sylvania Electric Products Inc. at Detroit, has been transferred to the Chicago office in the same capacity. It has been announced by Fred A. Martin, division general sales manager, Sylvania's Parts Division manufactures cold drawn wire, formed metal parts, plated strip materials, radio tube and fluorescent lamp sockets, and injection and compression molded parts. The company's Chicago sales office is located at 2001 North Cornell Ave., Melrose Park.

**ALLEGHENY RECORD**  
Allegheny Airlines continued to set new records in January with an all-time high for this month of the year of 5,700,000 passenger miles, Leslie O. Barnes, president of the company, had announced. "Air cargo also reached a new high during the month," Barnes stated, "with air freight up 77% over last year, setting a new record for the eighth consecutive month." Air Express increased 23%.

**BEG YOUR PARDON**  
A Harrisburg dispatch on the first page of Thursday's edition stated that the Pennsylvania Motor Federation has taken a stand against legislation to raise the minimum age for driver's licenses. Through an error the heading on the item said the federation "favored" the proposal. The Federation also opposes on principle a proposal that motorists carry warning devices for use in highway emergencies.

**LINCOLN DAY DINNER**  
Richard C. Frame, chairman of the Venango County Republican Committee, announces a Lincoln Day dinner to be held Saturday, February 14 at 6:30 p. m. at the Knights of Columbus Hall in Oil City. **NATIONAL BANK IN NEWS**  
It is interesting to note from the current issue of The American Banker, a daily financial newspaper, that our own Warren National Bank ranks 600 in comparative deposit size to the more than 14,000 commercial banks in the country as of Dec. 31, 1958. This is a gain from the position of 603 just one year ago. The deposit total for the Warren National at the close of last year was \$39,511,981. The bank also ranks 39th in deposit size with the some 750 commercial banks in the Commonwealth of Pennsylvania.

## Workers' Voting Retains UE As Agent at DeLuxe

Employees of DeLuxe Metal, after a couple of weeks of rigid campaigning for a bargaining agent, voted Thursday to retain United Electrical, Radio and Machine Workers of America (UE) Local 633 as their agent. Opponent of UE, Sheet Metal Workers International Association AFL-CIO, was defeated in the balloting by UE 64 to 53. Two votes were cast neutral. There were 125 eligible votes.

Delbert Anderson, president of Local 633, stated the vote for UE by DeLuxe Metal workers is an expression of confidence in their union, which has represented them for over twelve years.

Said Anderson: "These UE members were not fooled by last minute charges of communism against their union by the opposition through the mediums of press and radio."

Ronald T. Heron, field examiner for National Labor Relations Board, Pittsburgh office, was in complete charge of the elections. "Watchers" from both unions and DeLuxe were present. Voting booths were borrowed from Warren County Election Board, making the votes official.

Present contract expires March 31. Negotiations for a new contract are scheduled to begin next Tuesday in company offices.

If Sheet Metal union had succeeded in the elections, the present contract would have continued until the March 31 date.

Both union followers conducted numerous meetings over the past weeks and campaigns within the shop.

Funeral Information Will Be Found Under Another Heading

### DONALD H. MCKAY

Funeral services will be held at 2:00 p. m. Saturday in Corry for Donald H. McKay of 4516 Lake Pleasant road, Erie, who died Wednesday at the home of his daughter, Mrs. Frank Fenton, with whom he had resided for the past two years. The Rev. Earl Doherty will officiate and interment will follow in Pine Grove cemetery, Corry.

Mr. McKay was born at Lander October 6, 1882, but had spent most of his life in Corry and for many years was manager of the A and P Store in that city.

Besides Mrs. Fenton, he leaves as daughter, Mrs. Leona Baumgartner, Belvidere, N. J.; a brother, John McKay, of Spring Creek; and one grandson.

### MRS. L. H. ENSWORTH

Dr. A. C. Schultz, minister of First Methodist church, conducted funeral services at 1:00 p. m. Thursday for Mrs. L. H. Ensworth of Philadelphia, former Warren resident. Serving as bearers for interment in Oakland cemetery were F. H. DeLong, R. B. DeLong, E. K. DeLong, G. W. Ensworth, B. W. Knapp and A. G. Loper.

Attending the rites from away were Mr. and Mrs. Ralph Hisey, Mr. and Mrs. Dan Billington, Mr. and Mrs. Alfred Billington, Cleveland, O.; Dr. and Mrs. Willard Trushel, Shinglehouse; Mrs. Floyd McClymonds, Grove City; Mr. and Mrs. Stanley Aldrich, Meadville; Dr. and Mrs. Herbert Ensworth, Ithaca, N. Y.; Mr. and Mrs. Watson Scarborough, Philadelphia; Lt. and Mrs. John Scarborough, Newport, R. I.; Mr. and Mrs. Carl Chamberlain, Miss Mae Billington, Olean, N. Y.

### MRS. MABEL RITCH

Final rites will be held at 10:30 a. m. Monday in Jamestown for Mrs. Mabel Ritch, 70 year old resident of 23 East Virginia boulevard, that city, who died at 4:05 p. m. Thursday in the Jamestown Nursing Home. The Rev. George O'Pray, of St. Luke's Episcopal church, will officiate and interment will be made in Lake View cemetery.

Born in Geneva, N. Y., in 1888, she was the widow of Fred F. Ritch and mother of Mrs. Norman Atkins, of Sugar Grove. Also surviving are a son, two daughters, and 10 grandchildren.

### LOUIS F. RHODES

Funeral service will be held in Titusville Saturday for Louis F. Rhodes who died yesterday at his home, 5807 Brookpark Rd., Cleveland, O. following a short illness. He leaves his wife, the former Hulda Loggren of Grand Valley and a daughter, Clementine at home. Two grandchildren also survive.

### BURR GARVIN

Burr Garvin, East Main street, Youngsville, died this morning after a short illness. Mr. Garvin was a member of Warren Grange and worked as a surveyor.

Survivors include his wife, Daisy; three brothers, Roy Garvin, Melbourne, L. I.; Frank Garvin, Liberty, N. Y.; George Garvin, New York City and one sister, Mrs. Grace Ganno, Miami, Fla. Several nieces and nephews also survive.

## Funerals

### BURR GARVIN

Friends will be received at the Young Funeral Home, Youngsville, at the usual calling hours starting at 3:30 p. m. Saturday and services will be held there Wednesday, February 11 at 2:00 p. m. Interment will be made in Warren County Memorial cemetery at Starbrick.

### IN MEMORIAM

In memory of Thomas F. Williams, who died two years ago, February 7, 1957.

I cannot say and I will not say That he is dead, he is just away. With a cheery smile and wave of a hand, He has wandered into an unknown land, And left us deaming, how very fair

It needs must be, since he lingers there So think of him faring one, as here In the love of there, as the love of here Think of him still as the same, I say, He is not dead, he is just away.

Opening lead—♥K

West opened his king of hearts against the three spade contract and shifted to his fourth best club. East won dummy's king with the ace and took stock of the situation.

If West held only five clubs the hand was going down on almost any line of defense. If he held six, as was quite likely, East decided his best play was to return the queen of clubs rather than to give his partner a heart ruff.

South trumped, cashed his ace and dummy's king of trumps and led the queen of diamonds. It held the trick as did the jack of diamonds which was played next.

The three of hearts was led from dummy and East came up with another good play. He played the nine. South played the jack and West came up with the crusher. He refused to ruff.

Now declarer had no way to avoid losing three more tricks and his contract.

You hold the same hand and after your one heart response to his diamond opening your partner has bid one spade. What do you do now?

### NORTHERN AREA PTA MEETING

LANDER—Meeting in Eisenhower school, with President Leland Haller presiding, Northern Area PTA members appointed Mrs. Gertrude Allenson and Mrs. Geraldine March to plan a membership campaign. The following solicitors were named: Sugar Grove—Mrs. Burt Schoonover, Mrs. Allenson; Lander—Mrs. Donald Ludwick; Akeley—Mrs. Axel Carlstrom; Russell—Mrs. Leland Haller, Mrs. Ralph Swanson; Chandler Valley—Mrs. Floyd Nobbs, Mrs. Willard Eckdahl.

A smorgasbord is planned for April 25th to correspond with the Junior play, proceeds designated by the PTA to assist the school in replacing monies lost in last fall's robbery. The group also voted \$10 to the Probation fund. A Founder's Day reading was presented and collection taken. Introduced by Harold Landin, Miss Sniebold, Mrs. Hess and Mrs. Rosendahl gave an interesting discussion on Special Education. Due to a fire in his home, Mr. Thompson was unable to be present.

Refreshments were served in conclusion. The next meeting is scheduled for March 3.

### IN MEMORIAM

Carnes—In loving memory of my husband (Bill) who passed away 2 years ago Feb. 7, 1957.

Where he sat and talked with me  
There's just an empty chair.  
And the silence now at evening Seems more than I can bear.  
Though I knew that someday There would be that empty chair.

Yet I could never picture Home without him there.  
I never fully realized How deeply one can care Until I stood alone one night Beside his empty chair.

### STINGING WEATHER

A sudden dip in temperature sent mercury toppling early today, followed by a small scale blizzard around 8:15 a. m. Stung winds from southwest pierced heaviest of overcoats. Snow flurries lasted about 5 minutes and dumped nearly a sixteenth of an inch over the County this morning. Weatherman tell us County residents can expect cold weather tonight and tomorrow with snow flurries.

## NEWS FROM COUNTY AGENT

Just in case you missed the front page of Monday's paper—we've got another member on the county agent staff in Warren County. Blaine Schlosser, who graduated just two weeks ago from Penn State, joined our staff last Monday.

He's a former "cow tester" or herd supervisor with the Crawford County Dairy Herd Improvement Association, and he has farmed for himself before he returned to college to major in Agricultural Education. It seems to me that there's no better training than cow testing to give a person a real working knowledge of the dairy business.

We're glad to welcome the Schlossers to the community. They have two little boys, Roger 3 1/2 and Randy 6 months. The oldest Schlosser boy and the oldest Wingert girl, 2 1/2, have already agreed to "fight on sight" but as yet the two babies in our respective families haven't even seen one another. Let us hope they feel more kindly to one another than the first of kin seem to.

Another major event occurred this week, and a new milestone for extension programs was reached as the Forage Testing Service became an actuality. Lester Peterson, Pittsfield, R. D., who had high herd in the dairy herd improvement association last year, was the first farmer in Warren County to take advantage of this new service.

On Tuesday we had a meeting with the Warren County seed and feed and fertilizer dealers to explain how the program will work, and we also took the first samples and filled out the questionnaires at Lester's farm in the afternoon.

Here's how the program operates—Sample cartons for your hay and silage can be bought at our office (Court-house Annex) for \$5.00. Very soon you will be able to obtain them from your local feed dealer. We also have a sampling tool which we will loan to you to bore out the cores of hay. After you take the samples which are representative of the hay and silage you are feeding, they are packaged in the special container and mailed to the testing laboratory in Doylestown, Penna.

For no additional charge, you may obtain from Penn State University, a suggested feeding program provided you fill out the form giving the required information. So you see this program operates in a manner similar to the present soil testing service. In fact it is just much the same because just as in soil testing, the results you receive are only as good as the sample you take. Suggested programs for dairy cattle include: grain, milk ratios, crude protein content for grain mix, dry and fresh cow feeding guides, and least-cost grain mixtures.

Just in case you are thinking that \$5.00 is a lot of money for every forage sample, you must take—listen to this!

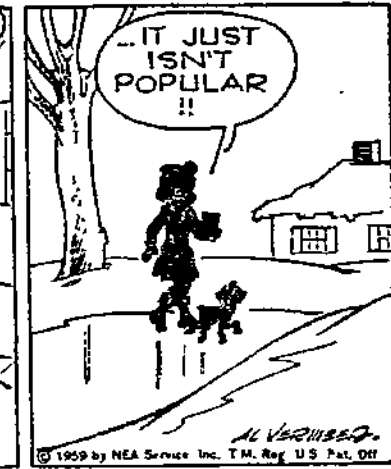

Based on data obtained from six pilot farms located throughout Pennsylvania, this new service can result in added returns amounting to as much as \$700-\$1200 in a herd of 25 cows.

Since only about 10 samples are needed yearly on most dairy farms, you must spend \$50.00. If you're milking cows for a living, doesn't it sound sensible to spend \$50.00 to make \$1000? Get in touch with us if you are interested.

### PRISON SONG

Julie Ward Howe's "Battle Hymn of the Republic" first was published in the Atlantic Monthly. It received little attention until an Army chaplain, who returned from a southern prison, told how he and his comrades had sung it there.

## Memorabilia Transform House Into Lived-In Home

The first thing a lot of couples do when they finally make the down payment on their dream house is to get rid of all old furniture and knickknacks and decorate each room exactly as they think it should be done.

This not only takes a lot of money, but the result is often a tastelessly decorated house that doesn't have any of the individuality that makes a house a home.

Somewhere in anybody's dream house there ought to be a place for the rocker their children were rocked to sleep in when they were babies—if there was a rocker.

There ought to be a place for at least a few of the things that furnished their first, small apartment when they were struggling to get a start.

There ought to be a place for something just because it belonged to one of their grandmothers, a reminder of the past for the children to respect and cherish.

There ought to be a place for family photographs—and the small decorative things brought back from trips. Whether or not they fit in with the decorating scheme is not nearly so important as whether or not they bring back memories of happy times.

And there ought to be a place for a few things of purely sentimental value.

The reason why so many dream houses today look so very much alike is that there is no room in them for the past. And so they aren't as much like homes as like model houses that a family moved into with empty hands, bringing nothing of their tradition or their own individuality.

## To the Tropics in Midwinter

## Foresight Is Clothing Cue

BY GAILE DUGAS  
NEA Women's Editor

NEW YORK—(NEA)—Deep midwinter, with its snow, sleet and freezing temperatures, is the time when most of us think longingly of the tropics.

Some women feel that the winter vacation is more restful than two weeks in summer. And accordingly, they take off for Florida or Puerto Rico or Bermuda, there to acquire a tan, swim and gaze at blue horizons with winter-weary eyes.

Since the majority of these travelers are women who work for a living, their wardrobes for the tropics are planned to serve a second turn next summer. This means clever buying with the long-range point of view which avoids very high fashion. It's the kind of buying which turns to the fashion classics which have been newly adapted to the present scene.

We show two such here. The abstract print (left) in dacron and cotton has short-sleeved bodice with wrap-around sash. Shirtdress takes on new significance (right) through lavish use of embroidery on the bodice done in a rose-and-trellis pattern. Fabric is dacron-and-cotton in mint green.

## 2,000 Hurricanes After Columbus

## Indian Wars and Storms—She Tackles Them All

BY AILEEN SNODDY, NEA Staff Correspondent

NEW YORK—(NEA)—When a former newspaperwoman decides to throw herself off the deep end to see if she can swim, anything can happen.

For instance, Marjorie Stoneman Douglas found herself in the eye of a hurricane. More specifically, this former Miami newspaperman had her eyes on a hurricane. But saying it one way makes it sound more exciting and Mrs. Douglas likes vivid verbs.

Frankly, she's enthusiastic about hurricanes but admits she would rather see them going than coming.

"Writing about hurricanes doesn't sound too exciting, does it? That's what I thought when approached by a publisher to turn out a novel on hurricanes."

Now she's a regular hurricane-chaser, past ones preferred. Mrs. Douglas discovered while sifting reference materials about such violent blows "that people tend to forget natural phenomena."

She studied hurricanes for three years with the Hurricane Research Project of the U.S. Weather Bureau in Miami for background for a novel.

Before that she worked on a committee on slum clearance. Urban renewal sounds a long way from hurricanes, but it isn't, Mrs. Douglas points out.

"I became interested because the storms created building problems in these Florida communities."

Her approach in "Hurricane" might be called "2,000 hurricanes after Columbus."

"Tell a straight story on hurricanes and no one would be left in the audience," was her realistic approach to the book.

Therefore, she took more than a scientific tack, and feels she contributed to history.

In the book she wonders where

Hurricane-Chaser Douglas

this country would be if hurricanes hadn't buffeted the galleons of Spain and France about the Caribbean.

Mrs. Douglas is a prolific writ-

er and does all of her writing in long hand. She writes short stories, plays for little theaters and book reviews.

Rounding out writing accomplishments are her children's books. As volatile as the hurricanes she captured on paper, Mrs. Douglas is enthusiastic about her newest assignment, writing about real heroines for teen-age girls.

Her work now centers around a Massachusetts girl named Margaret Ames who had her troubles during the French-Indian War.

"For publishers," she reveals, "you have to leave out sex, blood and swearing in children's books."

She admits the urge is often great, and once she put one "damn" in a volume for the Rivers of America series just to see what would happen. The editors crossed it out.

At 68 she is bubbling with future plans and leaped forward to confide, "I expect to keep going for several more years."

Her secret: "I believe everyone should hit a medium pace and not crowd things."

## Falls by Flatt, Colvin Win JV Meet for Dragons

Three matches, three falls  
Two going to Warren  
Hosting a scrappy Erie East  
out, Wally Jewell's junior  
wrestlers took two out of three  
falls to defeat East 10-5 in  
Beatty gym Thursday.  
Gail Flatt took 1:55 in second  
period to dispose of Wroblewski.  
Roger Colvin followed, as usual,  
with a fall over Ferrie Fortier in  
20 seconds, third period. Louie  
Musante was pinned by Zolpoff in  
:55 second period.  
Enough boys to fill various  
weight classes from the schools,  
have been cited as reason why  
prelims have few bouts.  
Dragon jayvees will travel to  
Corry next Thursday.

Fidel Castro's rebels have  
nothing on Warren Dragons.  
Minus beards, but armed with  
determination to upset the "big  
boys", Blue and White grap-  
plers conquered Erie East 25-17  
in Beatty gym last evening.  
The match can truly be called  
the "toughest" with the keenest  
competition for Dragon matmen  
the current season. Undeclared  
in seven meets, Dragons oppos-  
ed a very strong squad from  
Erie which now has an 8-2  
record.

Titusville beat Greenville  
last evening 23-20 in what  
can be called the biggest up-  
set in wrestling circles this  
season. It was Greenville's  
first defeat in 25 meets. Scor-  
ing wins for Rockets were:  
Granda, 95 pounds; Demille  
103; Bush 112; Turner, pin,  
120; Voisin 127; Shaffer 143;  
Armstrong 154; losing were  
Ghering 133; Heifrich 138,  
pin; Emerson, pin, 163; and  
Endres, pinned in 185 pound  
class. The win for Titusville  
means trouble for Warren  
next week.

Strong Vincent and Titus-  
ville were also considered top  
competition Warren had faced  
at the time. Both were unde-  
feated before coming to War-  
ren. Fans will agree, we believe,  
that Thursday's episode was  
"tough". Erie led Warren  
through five matches.

Dragon starting lineup was  
missing key men, as it has been  
for recent matches. Rich Cum-  
mings failed to make his weight  
and Andy Larson was taking  
an Air Force Academy test in  
Colorado. Dean Lester just re-  
turned to school yesterday, the  
flu robbing him much of his  
strength on the mat.

Jim Olson is able to say  
something several other wres-  
tlers in the area aren't. He  
lasted longer than 25 seconds—  
in first period—with Arrington.  
The Erie 185-pounder has pin-  
ned all his eight previous op-  
ponents in first period—in 25  
seconds or less. Arrington pin-  
ned Olson in :58.

Another first period fall for  
Erie was Thomas' 59-second  
fall over newcomer Max Clap-  
pool. A former Slippery Rock  
wrestler, Max joined Dragon  
jayvees last week, winning with  
a first period :37 fall. Big  
weight difference may have  
contributed to Clappool's loss.  
He usually starts in 90-pound  
class, going in 103 last night to  
replace Cummings.

John Colvin, amidst thund-  
erous, shaking ovation and coach-  
ing from the near-capacity  
fans, was able to score the lone  
Dragon fall over Pope in 1:22  
in second period.  
Larry Campbell, bandaged to  
protect a right shoulder injury,  
saw action first time in three  
weeks and decisioned Carr. Un-  
defeated Seelinger bowed to  
Dragon's undefeated Gail Page.  
Craig Brian drew Henderson.

Bob Long took command over  
Mitchell and Sedar looked good  
beating Kucinski. John Wooster,  
replacing Larson, tripped Cicco-  
lo for a loss. John Mead also  
looked good taking tough  
Bryant.

Next Thursday Hal Muller's  
matmen take to the road for  
Corry High School, following  
week traveling to Titusville.  
Both are Section II gos. Each  
has been defeated by Warren  
this season.

## Blueberry Strikes Again; Struthers Wins in Y-City

Spurring ahead 15-7 in first  
quarter, Blueberry Hill quintet  
sank Style Shop 70-52 in Y-  
City League and Struthers Hose  
won over G. G. Greene 86-55.

With first and fourth canto  
scoring drives, Blueberry cap-  
ters continued their onslaught  
against League teams.

Setting scoring pace for win-  
ners was D. Danielson collar-  
ing 22, C. Reese bombed in 16.  
Leonard meshed 11 for Style  
Shop, Monkern checked in  
with 10.

Struthers Hose came from  
behind in second quarter to lead  
Greene 17-16 at intermission.  
Following with two blazing  
scoring periods in third and  
fourth, Struthers Hose quickly  
spurred into an untouchable  
pace from Greene.

Hartnett and Labesky com-  
bined scoring abilities to col-  
lect over half of final tally with  
25 and 24 respectively. Fuel-  
hart and Harrington each sank  
15 in the bottomless hole to  
pace G. G. Greene.

## Troublesome Oil City Host Dragons; Nick, Mike Better

Section 2 league action tonight finds Warren Dragons travel-  
ing down river to Oil City, Corry and Titusville clashing and  
the big game of the night as far as survival is concerned will  
be played at Meadville High School's new gym between the Bul-  
dogs and Franklin Knights.

Warren will have to play at their best because Oilers under  
their new coach, Tom Skinner, could prove troublesome. The  
Oiler court, oldest in the league, is tricky and has been the  
downfall of many teams. Oilers are a high-scoring outfit but at  
the same time give up a lot of points. Mohrkern and Osborne  
will have to be checked if Dragons expect to come out on top.

With Creola feeling better and Cashman's ankle getting  
stronger, Dragons appear in pretty fair shape for this game.  
Just who will get the starting assignments will not be known  
until game time.  
Franklin-Meadville affair should prove a thriller. Even though  
it is being played at Meadville the game rates as a toss-up. Out-  
come of this game will have a distinct bearing on league stand-  
ings. Corry, still winless in league action, appears to be in for  
another trouncing at the hands of the Rocket five.

## Knotted Shoot Taken By Irvine With OH

Championship caliber off-  
hand shooting was the rule  
rather than the exception last  
evening for both teams as Ir-  
vine Rod and Gun Club Rifle-  
men outgunned a good Kane  
Rifle Team to win a thriller in  
a War-Mac Rifle League Match  
fired on the Kane Range.

Total Match Score was tied  
at 987 apiece when the smoke  
cleared, so a final tally was  
made of the scores fired in the  
standing position. This gave the  
Irvine Club a much deserved  
victory by two points.

Two Irvine triggermen with  
scoring honors were Johnny  
Streich and Kenny Hultquist  
with scores of 193. Dale How-  
ard was high gun for Kane.

## Pay-as-You See Baseball TV Is Possibility Soon

By JIM KENSIL  
Associated Press Sports Writer  
NEW YORK (AP)—San Fran-  
cisco and Los Angeles, major  
league baseball's youngest fran-  
chises, today were being viewed  
as testing grounds for the most  
significant business move in the  
national game since somebody  
first passed the bat around an  
open field.

That would be the televising  
of major league games on a pay-  
as-you-see basis. As outlined to  
The Associated Press Thursday by  
Sloan of America, the sub-  
scription TV plan is being read-  
ied for introduction in the two  
Pacific Coast cities about July 1.  
The move had been talked about  
ever since 1957 when the former  
New York Giants and Brooklyn  
Dodgers first announced they  
would move West.

For months Skiatron, reported-  
ly involved greatly in the double  
franchise shift, maintained silence  
on the basis that it could not dis-  
close information that would put  
it at a competitive disadvantage.

## Youth Brigade Leading Pros at Phoenix, Ariz.

PHOENIX, Ariz. (AP)—A youth  
brigade, commanded by 25-year-  
old Jerry Magee of Toronto, Cana-  
da, led today's parade of touring  
pros into the second round of the  
\$20,000 Phoenix Open Golf Tour-  
nament.

Magee moved out front Thurs-  
day with a seven-under-par 63  
that knocked one stroke off the  
Arizona Country Club course re-  
cord.

The young Canadian needed  
only 13 putts in posting a four-  
under-par 30 on the front nine,  
and 14 for the three-under 33 com-  
ing home.

One stroke back was Joe Camp-  
bell, 23, Knoxville, Tenn., former  
golf and basketball star at Pur-  
due.

Others in the youth movement  
were John McMillin, 23, of Fair  
Oaks, Calif., with a 65; and Tom-  
my Jacobs, Whittier, Calif.,  
who'll celebrate his 24th birthday  
a week from today, at 66.

Some of the familiar names be-  
gin cropping up at the 67 marks,  
where Gene Little, San Diego, Cal.,  
Marty Furgol, Lemont, Ill.,  
Paul O'Leary, Bellflower, Calif.,  
and Bob Harris, Winnetka, Ill.,  
are deadlocked.

## Cubs and Indians Ready for Start Of 1959 Season

By SHELDON SAKOWITZ  
Associated Press Sports Writer  
The Chicago Cubs and the  
Cleveland Indians are ready for  
the start of spring training.  
The Cubs joined the Indians  
Thursday as the only major  
league baseball clubs with all  
players signed when pitcher Dave  
Hillman agreed to terms. Cleve-  
land announced last week that all  
its players were in the fold.

Activity on the signing front  
was brisk Thursday as other clubs  
also received signed agreements  
from their hired hands.

The Chicago White Sox signed  
their 24th and 25th players, leav-  
ing them with 14 unsigned. Cen-  
terfielder Jim Landis and rookie  
pitcher Stover McIlwain were the  
pair who agreed to terms.

The Los Angeles Dodgers  
boosted their signees to 24 when  
Jim (Junior) Gilliam, an infielder-  
outfielder, came to terms. Gilliam  
batted .261 last year.

Three Philadelphia Phils' play-  
ers signed, bringing the total to  
24. Infielder Bobby Young, catch-  
er Jim Hegan and rookie pitcher  
Don Erickson were the latest to  
join the fold, leaving 13 unsigned.

The Kansas City Athletics in-  
creased their list to 20 when vet-  
eran infielder-outfielder Dick Wil-  
liams and three rookies agreed to  
terms.

The others were pitchers Ken  
Johnson and George Brunet and  
second baseman Luke Klimech.

A pair of New York Yankee  
catchers signed, bringing the Yan-  
kee list to 10. Darrell Johnson and  
rookie John Blanchard were the  
signees.

The Boston Red Sox signed  
two rookie pitching prospects,  
Jerry Casale and Arnold Earley,  
bringing their total to 14.

Pitcher Herm Wehmeier and  
catcher Lou Berberet signed with  
the Detroit Tigers.

The Washington Senators signed  
pitchers Hal Griggs and Ted Aber-  
nathy, and re-acquired left-hand-  
er Chuck Stobbs, who was waived  
out of the American League last  
season.

## Univ. of Arizona Will Have Untried Coach

TUCSON, Ariz. (AP)—The  
University of Arizona today pin-  
ned its hopes for an improved  
football program on a virtually  
untried coach.

Jim Larue, 34, was named  
Thursday to his first head coach-  
ing job and given the task of re-  
building Arizona's gridiron for-  
tunes. He is former backfield  
coach at Southern Methodist.

Larue is the fifth head football  
coach at Arizona in the last 12  
years and the 19th in the school's  
59-year football history. He suc-  
ceeds Ed Doherty, who resigned  
two weeks ago after two losing  
seasons.

## Three Teams in Race for Valley Conference Lead

By DON WEISS

Associated Press Sports Writer  
The way the Bradley Braves  
have honed their hatches, the  
three-team run for the Missouri  
Valley Conference basketball ti-  
tle should be a dully.

The Braves, who whipped Seat-  
tle 86-70 in an inter-sectional game  
Thursday night, are involved in a  
race with Cincinnati and St. Louis  
that should carry the stretch sus-  
pense of some of the old Cunning-  
ham-Venzke-Bonthron mile duels.

Only the Southeastern Confer-  
ence, with Auburn, Kentucky and  
Mississippi State, can hope to  
match the Mo Valley for class and  
balance at the top of the league  
standings.

## 1st Methodist Sinks Victory Through Cords

First Methodist, under the  
coaching of Bob Gorsuch, came  
up with a Church League vic-  
tory last evening, meshing over  
First Presbyterian 57-46.

D. Bevevino sizzled the cords  
with a whooping 28 points for  
winners, K. Forsgren had 9, B.  
Arnolds and T. Tourtellot each  
sank 8. For Presbyterian cap-  
tains, B. Hinderliter chalked up  
16, R. Caidin collected 9, B.  
Swanson 8, B. Lader 7 and R.  
Lader 6.

## Welterweights To Clash Tonight in TV Ten-Rounder

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP)—At 26, Ru-  
dell Stinch is coming. At 23, Gas-  
par (Indian) Ortega may be go-  
ing.

Whether the trend continues or  
not will be determined in Mad-  
ison Square Garden tonight when  
the welterweights clash in the  
television 10-rounder.

Although Stinch is unranked and  
Ortega still is the No. 6 contender,  
the older newcomer from Louis-  
ville is the 8-5 favorite for his  
garden debut.

Stinch, a sausage stuffer for a  
Louisville meat packing firm, a  
church elder and father of four  
boys and a girl was an amateur  
for eight years. He didn't turn pro  
until nearly three years ago.

Thus, although he's three years  
older than his ring-tested foe,  
Rudell has had only 21 pro fights.  
His record is 17-4, including nine  
knockouts.

The loose-limbed, right-hand  
belter, moved into the national  
limelight last year. He had 12  
fights and won 10 of them. Among  
his victims were Charlie Cotton,  
Duke Harris, Isaac Logart, Yama  
Bahama, and Chico Vejar.

## Mexican Expected To Meet Halimi for Title

LOS ANGELES (AP)—Joe  
Becerra of Mexico today looked  
forward to a promised crack at  
the world bantamweight title fol-  
lowing his 10-round knockout over  
ex-champion Mario D'Agata of  
Italy.

The 21-year-old semi-novice from  
Guadalajara was never able to  
knock his 33-year-old opponent  
down but a badly battered right  
eye brought a halt to their sched-  
uled 12-round fight at the Olympic  
Auditorium Thursday night.

Becerra, weighing 118, will meet  
the champion, Alphonse Halimi of  
France, for the title here in late  
April or May, matchmaker George  
Parnassus announced.

## Pirates Have Only 17 Players Under Contract

PITTSBURGH (AP) — The Pittsburgh Pirates today has 17 players under contract for 1959 after the signing of catchers Daryl Westfield, Bill Hall and Danny Kravitz.

Westfield played the 1958 season with both Mexico City of the Mexican League and Salt Lake City of the Pacific Coast League. Hall split the season with the Pirates and Salt Lake City. Kravitz hit .240 in limited play for the Pirates.

The Pirates also named George J. Mucey a scout in the Washington County area. Mucey, a former professional baseball player, is a member of the board of directors of the Little League and Pony League, baseball organizations for youth.

## U.S. and Canadian Skaters Title Favorites

TORONTO (AP) — Skaters from the United States and Canada are favored to divide the four major titles in the North American Figure Skating Championships starting today.

Carol Heiss, world and U. S. titleholder from Ozone Park, N.Y., is the class of the field in the women's singles. She also is the defending champion.

Defending champion David Jenkins of Colorado Springs, who also holds the world and U. S. men's singles titles, will not be present due to the press of school work. But Tim Brown from Colorado Springs, is on hand. Brown was runnerup to Jenkins last week in the U. S. championships and figures to be the top man in this one.

## EAGLES SWAP FOR CARD PHILADELPHIA (AP) — The Philadelphia Eagles today swapped linebacksers with the Chicago Cardinals.

The Eagles, who finished in last place in the National Football League in 1958, traded Bill Koman to the Cardinals for Charles (Chuck) Weber. Weber, besides being a linebacker, is a defensive end.

Weber joined the NFL ranks with the Cleveland Browns in 1955, and went to the Cards the following year. Koman, of Aliquippa, Pa., was drafted by the Baltimore Colts in 1956, and was signed by the Eagles as a free agent in '57.

## Basilio's Pilot Sees Rematch in Chicago

TAMPA, Fla. (AP) — Joe Netto, Carmen Basilio's co-manager, said today a Basilio-Sugar Ray Robinson rematch will be held in Chicago Stadium, probably in April.

Netto told Tampa Tribune sports columnist Ralph Warner: "The fight's in the making and I have no doubt it will come off. It will be held at Chicago Stadium, probably in April. The TV deal will be closed circuit and will gross two and a half million dollars. The gate will hit \$400,000."

"Truman Gibson (International Boxing Club president) is coming to Miami in a week or so to see us, and I hope we can settle our end of it."

It is possible that Mike DeJohn, Basilio's manager, will contact local individuals on Tom Gerarde's future after the contracting, etc., has been completed for Carmen and Sugar.

## Clarendon Stays on Top; Grace Wins, Too

First Baptist felt the pressure of Clarendon Methodist and buckled 34-28 in Church Basketball League, senior division last evening. Grace Methodist beat Holy Redeemer 45-33.

Clarendon, with the win, stays on top in the League. Scoring for the winners were: Albaugh 12, Lane 10, Henry 6, Brian 4, and Lobdell 2. For Baptist, Seashie 13, Lester 10, Chapel and H. Kane 2 each, R. Kane 1.

Branch paced Grace with 15; Haslet had 11, Armstrong and Beck 8 each, Elder 2 and Neilson 1. For Redeemer, Moyer had 13, Smoulder 10, Depto 6, Honhart 3 and Hessley 1.

Next Tuesday evening, Clarendon and Holy Redeemer will compete on Grace gym; First Baptist host First Methodist; Grace Methodist and Presbyterian will play on First M. E. gym. All games are at 8 p. m.

## Prince Gives Views On Recent Buc Trade

At a recent Titusville K. of C. game dinner, Bob Prince told the group what he thought were reasons Pirates traded Frank Thomas to Cincinnati Reds.

Prince said Pirates' management probably felt that Thomas was no longer needed because Bucs already have three good outfielders, which Thomas had been, and because Don Hoak, one of three men traded to the Pirates by Cincinnati, would fill the spot well at third base. Thomas played third base through most of last season.

Although Hoak is not a home run hitter as Thomas is, he stacks up as a better all-around third baseman, Prince said. Bob commented that of the homers Thomas hit last season, few counted as only nine were hit at Forbes Field.

He said that, in his opinion, Pittsburgh got the better of the deal.

In his address, Bob told Titusville fans that San Francisco Giants' Willie Mays is best all-around ball player that he's ever seen. He also had high praise for Bill Mazeroski and Mickey Mantle.

Prince said Pirates may finish the 1959 season "anywhere from second to seventh place." They would need some luck to take the pennant this year, he added.

## Champion Joe Brown Ready for Busso Bout

HOUSTON, Tex. (AP) — Lightweight Champion Joe Brown took it easy today, but challenger Johnny Busso scheduled a second brisk workout in as many days.

The pair meet in a title fight here next Wednesday night. Busso worked five rounds Thursday against Ray Portilla. Brown was in the ring four rounds with Candy McFarland.

Brown's manager, Bill Gore, said the champion would be back in the ring again Saturday, Sunday and Monday.

## NORTHWESTERN PENN'A BASKETBALL TOURNAMENT

## Knickerbockers Make It Nine Over Nats

By THE ASSOCIATED PRESS

The New York Knickerbockers are making like gnats to the Syracuse Nats in the National Basketball Assn. They have whipped the Nats nine straight and have virtually clinched second place for the Knicks in the Eastern Division.

The Knickerbockers downed the Nats 111-98 Thursday night in the first game of a doubleheader in Philadelphia. The home town Warriors beat the St. Louis Hawks 106-95 in the second game.

The third-period shooting of Ken Sears enabled New York to take a 6½ game lead over the third-place Nationals. Sears had 11 of his team's 31 points.

The Warriors led the Hawks almost all the way to move to within two games of Syracuse. Paul Arizin paced Philadelphia with 24 points. Bob Pettit and Cliff Hagan had 23 each for St. Louis.

## A.P. Death Record

MEADVILLE, Pa. (AP) — Don Law, 38, better known as "Fats" of the "Our Gang" comedy series, died Thursday after a brief illness. Law played in about 20 original comedies for Hal Roach Productions. In recent years he had been manager of the Greyhound-Harmony shortline bus companies in Meadville. He was born in Tampa, Fla.

NEW YORK (AP) — Curt Sachs, 77, noted German-born historian, author, and teacher in the field of music, died Thursday after a brief illness. Sachs was a highly regarded professor of musicology and curator of Berlin's Museum of Musical Instruments until he fled Nazi Germany in 1933.

BEIRUT, Lebanon (AP) — Dr. Samuel Wheeler Edgecombe, 52, of Decatur, Ill., dean of faculty of agricultural sciences and professor of horticulture at the American University of Beirut, died Thursday of heart disease. ## Reform Governor Trying To Dry Up State of Oklahoma

By JIM MONROE

OKLAHOMA CITY (AP) — "This could cause a revolution," said a would-be whisky drinker.

"Why, my bootlegger said he didn't have any vodka and didn't even know when he'd get some," said a social drinker.

"There ought to be a law against this," said a clubman. For 50 years folks in constitutionally dry Oklahoma haven't been bothered by the law. But suddenly it is being enforced.

Oklahomans are talking more about whisky and probably are drinking less than ever before. And they are paying more if they do drink.

The reform administration of 33-year-old Gov. J. Howard Edmondson is trying to dry up the state and bring repeal to a vote.

"We want to give the people a clear-cut choice between prohibi-

tion and repeal," Edmondson said. Whisky bills and a referendum proposal are before the Legislature.

Joe Cannon, 33, an attorney from Muskogee, is directing the crackdown on bootleggers as public safety commissioner heading the Highway Patrol. He has staged periodic roadblocks across the state, trying to stop the flow of illegal liquor from Missouri, Kansas, Texas, and Arkansas.

In the past month whisky has gone up \$1 to \$1.50 a pint, if you can find it.

"I just can't serve my people," a bootlegger explained. "But one thing about it, they're not fussy anymore. I've had people beg me for Scotch that never drank Scotch in their life. It was all I had."

Bourbon, the biggest seller, now goes for \$5.50 a pint in Oklahoma City.

BALTIMORE (AP) — A 55 million dollar U. S. battleship that never went to war is headed for the scrap heap.

The Kentucky will be towed into Baltimore today. She is a victim of the times and mishaps.

They couldn't finish her in time for World War II. It ended too soon. So work on her stopped.

She's being sold by the Navy to the Boston Metals Co. for \$1,176,000.

SAN ANTONIO, Tex. (AP) — Virgil T. Blossom, former superintendent of schools at Little Rock, Ark., has been interviewed for the job as school superintendent in the suburbs here.

H. M. Tomerlin, president of trustees for the Northeast Independent School District, said he did not expect the board to reach a final decision on a superintendent before April 1.

DETROIT (AP) — Gilbert Colts, 32, went to a Detroit Hospital and told an attendant he had been ordered to pick up a cigarette machine.

He told the skeptical attendant to "check with the company if

you don't believe me." The attendant did.

Colts was sentenced to 30 days for attempting to obtain property under false pretenses.

MEADVILLE, Pa. (AP) — Death has claimed a second former member of the "Our Gang" movie comedy cast within the past three weeks.

Don Law, 38, who played "Fats" in some 20 of the old-time child comedy films, died here Thursday after a brief illness.

Carl (Alfalfa) Switzer, 32, was shot to death Jan. 21 in Van Nuys, Calif., in a fight over \$50.

HOLLYWOOD (AP) — Actress Debbie Reynolds is in a hospital for treatment of a blood clot on her left knee.

She twisted her knee Monday while rehearsing a dance routine for the film "Say One For Me."

TOKYO (AP) — A new Undersea volcanic eruption may be taking place off southern Japan.

The Japanese coast guard has warned shipping out of the area around Suwanose Island, 80 miles south of Kyushu.

## Boyle's Column

By HAL BOYLE

NEW YORK (AP) — One of the hardest things to kill successfully is—time.

It is a particularly tough problem in the modern business office. There the average man or woman has to spend eight hours doing work he could actually do in three hours.

This leaves him the task of pretending to look busy for five hours. You think this is easy? Well, it isn't. What professional actor wouldn't be worn out by a five-hour performance?

Yet office employees have to do this day after day after day—all year long.

They are trained workers, not trained actors. It isn't the three hours of daily work that makes them gray and feeble before their time. It's that five hours of daily acting—acting like they're busy when they aren't.

Some employees never learn the trick. Others give performances that would make John Barrymore in "Hamlet" look like a high school sophomore.

The chances are, however, that you will find at least some of the following typical examples of time-wasters in your own office:

The Endless Wanderer—All day long he wanders from the desk to the water cooler to the rest room—then back to his desk for five minutes, and on to the water cooler again. At 40 he has kidney trouble and fallen arches.

The Groundhog—He crawls into a tunnel in the pile of debris on his desk, and emerges only at lunch and quitting time.

The Dutch Wife—If cleanliness were godliness, this guy would sit at the right hand of the heavenly throne. He cleans his desk, his telephone, his swivel chair, his memo pad—and still has two

## TODAY'S WOMEN

By DOROTHY ROE

Associated Press Women's Editor

It's awful to be married to a memory expert when you can't even remember your best friend's name.

"I literally had to take a memory course to save my marriage," says small, alert Lotte Furst. "I was working in a pharmacy when I met my husband, Dr. Bruno Furst, in our home town of Frankfurt, Germany. He was a lawyer and psychiatrist, and after our marriage I joined him in his law office, doing court stenography and other office chores."

"Everything was fine, except I never could remember anything, and he never forgot anything. Our biggest client would come in and I wouldn't remember his name. I'd forget to order the groceries and send out the laundry. It was pretty painful for both of us."

One day after Lotte had forgotten they were having guests for dinner, her husband suggested that she'd better take a course in memory training. In fact, he was teaching such a course. It was all very handy.

Lotte graduated with honors, and has been helping her husband ever since in teaching others to remember. They teach together at the Brooklyn College of Adult Education, and in their own school of memory and concentration in Manhattan.

The Fursts have several methods of memory training, depending on whether the student is "eye-minded," "ear-minded" or "motor-minded." If you remember by a process of mental pictures, you are eye-minded, explains Lotte, and you will have little trouble in remembering things you read.

If you remember best the things you hear, you should learn through lectures.

If you are motor-minded, you remember things in motion—acts and incidents in a movie, for instance.

The Fursts have branch schools in Chicago, Denver, San Francisco, Washington, Philadelphia, and Boston in this country; Melbourne and Sydney, Australia, and Johannesburg, South Africa. In addition, their correspondence school students are scattered all over the world.

"People usually come to us after being embarrassed by some failure to remember," says Mrs. Furst. "I can always sympathize with them, because nobody was ever more embarrassed than I was, as the forgetful bride of a memory wizard."

DISTINGUISHED GUESTS

Times-Mirror editorial department was honored around 1 p. m. today when a delegation of basketball players from Mansfield State Teachers College were called in from Times Square. Curious newspaper workers, ever searching for something different, decided the boys must be traveling to an athletic event and invited them in for a chat. The editor opened a new box of cigars and passed them around in honor of the occasion. The group is traveling to Elmira for a game tonight, then one at Clarion tomorrow. The Mansfield squad beat Clarion by 43 points last Saturday. Spokesman for the group was a grandson of former Clarendon residents, Mr. and Mrs. Kirkpatrick. Complete details on Monday's sports page.

Clarendon Boro Mourns Passing Of Lloyd Knight

LLOYD O. KNIGHT

This area, and Clarendon in particular, lost another prominent figure in public life and veterans' affairs with the death of Lloyd O. Knight on Thursday evening.

Lloyd Oliver Knight, aged 63, and well known and respected resident of 1 North Center street, Clarendon, died at 8:30 p. m. yesterday in Warren General Hospital of a heart condition for which he had been under a doctor's care for the past year.

Mr. Knight was born in the Clarendon area November 9, 1895, and had spent his entire lifetime in that vicinity. Following employment as a contractor in the oil fields for many years, he left that work three years ago to be employed by the Pennsylvania Department of Highways as engineer-inspector.

A veteran of World War I, he had interested himself in veterans' activities on local, county and state levels. A member of the Veterans of Foreign Wars organization for 30 years, he was first affiliated with Dinsmoor-Schwinn Post 631 in Warren, then a charter member of Marshall Larsen Post 314 in Clarendon and its commander in 1939-40. He also held the distinction of being chairman for the first Old Home Week held by his community.

Elected in 1953 as commander of the Northwestern Counties Council Department of Pennsylvania VFW, he held a like office in Hayrake Pup Tent No. 40, Military Order of Coonies. In that same year, he was appointed by Pennsylvania Commander Christine as special deputy chief of staff. More recently, he was one of the organizers and a charter member of Barracks 1020, Veterans of World War I, U.S.A.

Always interested in affairs of his community, also, he had served on Borough Council and School Board, and was active in Clarendon Volunteer Fire Department. With his passing, Clarendon Borough Council has lost three of its members by death within a year. Those whose deaths occurred earlier were James Gallagher and Gilbert Nelson. His activities as a councilman had included work with the streets, building, fire and water, and finance committees.

Mr. Knight was a member of Clarendon Methodist church; and was one of the organizers and charter member of Kalibus Rod and Gun Club. Surviving are his wife, Lina; three children, Kenneth, of Clarendon; Mrs. Donald J. Nelson, Jamestown, and Mrs. James Nelson, Bradford; also seven grandchildren and three neices. His pastor, the Rev. Hubert J. Jicha, Jr., will conduct services at a local funeral home at 2:00 p. m. Sunday and Clarendon VFW will have military rites at the graveside in Warren County Memorial Park at Starbrick.

(From Page One) Communist party congress, he compared the Berlin crisis with a burning fuse in a powder cellar.

"Why should we preserve such a situation?" he asked. "Would it not be better to put out the fuse? It would be difficult to find another solution that would be in the interests of the two German states and at the same time would not be offensive or do damage to other interested powers. The conversion of West Berlin into a free city is such a solution."

The West has refused to consider this plan. But Khrushchev linked it to the whole situation concerning divided Germany. Doing away with this point of tension, he said, would ease East-West relations. Khrushchev spoke with the knowledge that Britain's Prime Minister Harold Macmillan will visit here 16 days hence.

(From Page One) start a thaw in the cold war. One thing was clear: The West will await Macmillan's return from talks with Soviet Premier Nikita Khrushchev before forging any new proposals on the reunification of Germany to counter Soviet demands that the Allies get out of West Berlin.

Dulles still insisted that he is carrying no new proposals in his European tour of London, Paris, and Bonn. He implied he is doing more listening than talking. He also left the way open for a possible shift in Allied strategy. Arriving in Paris, he spoke of planning an "exchange of views" and added that the talks were being held "while we are in the formative stages of our thinking."

The U.S. secretary said no policy decisions could be expected yet but that he wanted to "make sure our ideas are developing along parallel lines."

New Orleans Police

Fight Teen-Age Gangs

NEW ORLEANS (AP)—Police, bolstered by auxiliary patrolmen, will continue their fight tonight to control teen-age gangs threatening violence along jammed Mardi Gras parade routes.

Fights and other lawlessness again marred Thursday night's parade of the Krewe of Momus. Hermes, a group which usually puts on one of the more colorful parades, has the spotlight tonight, using the theme "Ali Baba and the 40 Thieves."

Officers arrested 60 persons for various offenses Thursday night. Twenty-six were juveniles. Twenty of the youths picked up were white. They were booked for various offenses, including refusal to move on, theft, carrying concealed weapons, fighting, and being loud and boisterous.

Housing Act

(From Page One) the next fiscal year it would exceed the budget by only about \$5 million.

Sen. A. S. Mike Monroney (D-Okla.), sponsor of the airport bill, said he has no advance plans to make floor compromises such as the Democrats agreed to on housing.

Some Republicans charged that the action on housing coupled with Democratic plans for the airport bill showed that wild spenders were in control of Congress and that any hope of a balanced budget was wrecked.

But Democratic leaders contended they had met the President half way on the housing measure and that they did not see how he could veto the bill.

The bill is designed to give a shot in the arm to the nation's housing industry by meeting emergency financing needs of some key programs.

It also contains far-reaching extensions of the slum clearance and public housing programs under which many cities are rebuilding their dilapidated areas.

Denial

(From Page One) dent Fulgencio Batista fled and Castro's revolution triumphed.

Brought to Havana after the rebel victory, he told newsmen Monday that he was not involved in any plot against Castro but had wanted to fight for the revolutionary cause.

Police headquarters announced Thursday that Nye had confessed he had gone to eastern Cuba to kill the rebel chief and that Brig. Gen. Carlos Tabernilla, head of Batista's air force, had promised him \$100,000 if he did the deed.

The unofficial total of those executed by the revolutionary regime rose to 274.

Seventeen more persons were condemned to death in various cities of Cuba as revolutionary tribunals trying "war criminals" speeded up their work.

Among them were four regular army soldiers at Pinar del Rio accused of having starved, left without water, then buried alive six students from Villanueva University near Havana. The incident was said to have occurred last October.

Another man sentenced to death was a rebel soldier, Ruperto Johnson in Guantanamo, who was convicted of "criminal actions." He was the second member of Castro's force ordered executed.

Tax-on-Tax

(From Page One) Weiner gave his views Thursday night in a television interview (Capitol Correspondents WTPA-TV). He said it would be easier to collect if it could be passed and clear the constitutional pitfalls.

But Weiner declined to take an affirmative stand on any possible revenue sources, pending recommendations from Gov. Lawrence's tax study commission.

He said 500 million dollars in new revenue would be needed to balance the state budget for the 1959-61 biennium, now being prepared. He divided the figure in half, 250 millions to finance services previously authorized by the legislature, and 250 millions for expansion of state services and functions.

Agreement Reached in

Harbor Craft Strike

NEW YORK (AP)—Negotiators have reached a tentative settlement of the six-day strike that has tied up 400 harbor craft here.

Members of the striking union will vote Saturday on a new wage offer by the employers.

The tentative settlement on a wage increase was announced Thursday night by Mediator Thomas G. Dougherty of the Federal Mediation and Conciliation Service.

Neither side in the dispute had any comment on the agreement.

## Questions and Answers About Warren Schools

Readers are urged to send suggestions for questions in this column. Write School Editor, Warren Times-Mirror. The questions are answered by Dr. Carl E. Whipple, superintendent of Warren schools, and his staff.

**Question:**  
"My husband and I were talking recently about what a fine thing the schools are doing for our Ninth Grade daughter. She is getting good, tough foundation subjects to help her to go to college. We are very pleased with the new setup in Mathematics because now she will be able to take one extra year of math. The schools must have screened this accelerated group well, because very few had to drop out of the program."

**Answer:**  
"We, too, have been pleased with the plans in math at Beaty and High School. We have our second two groups of 8th graders taking Algebra this year. Last year's two groups are now taking Geometry in 8th grade. Next year in 10th they will take Advanced Algebra, the usual subject for 10th graders. In 11th they will take their Solid Geometry and Trigonometry. This allows them to take College Math as 12th graders."

**Question:**  
"Last year and again this year the college-bound mathematics students are taking their Solid Geometry and Trig plus the course in College Mathematics in their senior year. We have 35 doing this now, and last year, 20."

**Answer:**  
"Dear School: We have sent two of our offspring to Jefferson School and one will be coming to you next year. Somehow we have a very different idea of what we expect them to learn than was expressed in the letter given out at PTA Jan. 19. This was a page-long description of ideals and morals every child should learn. I think it came from the PTA magazine."

**Question:**  
"I know we parents become misguided about many things, but somewhere along the way I received the impression that homes, Sunday Schools and churches would teach many of the moral and social concepts while our public grade schools were basically to teach the tools of communication (reading, writing and spelling) and their best use, plus other basic subjects such as mathematics and the social sciences, and a working knowledge of the fine arts."

**Answer:**  
"I thought of the school as a place to teach the child to use

the intellect each child has, to the best advantage possible. "I do think it is commendable that our teachers take the opportunities that come along to help teach these fine traits, as listed, but our first aim is EDUCATION, not moral training."

Sincerely,  
Mrs. James Potter

**Answer:**  
"Mrs. Potter refers to a list of qualities that every parent would like to have his child develop, and it was distributed at PTA as an example of what many parents expect of the school."

**Question:**  
"However, our teachers would agree that all of these moral traits are the responsibility of the parents. And the school expects the children to learn these ideals from their families. The teachers are glad to help, as they can, during the teaching of the tools of communication."

**Answer:**  
"The adoption of textbooks is a function given by law to the School Board, who refers the matter to the Superintendent. Here in Warren it has been an important duty of the Director of Curriculum. At the start of each year he asks all teachers to list which book committee they prefer and then he lines up these committees, seeing that each grade and school is represented among the grade schools."

**Question:**  
"We use the same textbook for a five-year period, so he writes to all the textbook companies for books with copyrights during the last five years. When the books arrive in January the committees begin a careful study of them. They use rating sheets to judge each book."

**Answer:**  
"By Easter the teachers make first, second and third choices of the books studied by their committees. They return the books to the director of curriculum and the superintendent for study. Then recommendations are made to the School Board."

**Question:**  
"The School Editor gets these comments from parents at Lacy and Jefferson: 'The schools are really going to town with that new reading course.' 'Excellent step.' 'A lot more individual training.' 'Less frustration for the teachers.' 'Our teachers say the Joplin plan is bringing good answers from children who used to keep quiet in

class.' Can other schools start the plan next fall?"  
**Answer:**  
"At the last Principals' Meeting we discussed the Joplin Reading Plan at some length, with the idea that all the other schools could consider carefully how to adapt it to the smaller buildings."

## Report Made on Busy Session of Hi-Y Club

The weekly meeting of the High Y was held at the Y.M.C.A. Wednesday at 7:00. Mike Sturley was elected as the new chaplain and Chris Creal was elected to the office of sergeant at arms. President Dick Terry asked the members to voice their opinion on adopting an application form for membership. It was decided that this would be a good idea and would go into effect next year. It was also brought to the attention of members that they were invited to the Northwestern High Y Basketball tournament to be held at Mead-

ville. There were nine who signed up to represent the Warren Club. Dick Terry was nominated to be the captain of the team. It was also announced that the High Y Spring Dance would be held in April.
